BY APPOINTMENT

Barter's Tested Seeds, Limited

133 KING STREET EAST

TORONTO, ONT.

To facilitate the execution of your order, please order all seeds by the registered number and price. This will save you time and expedite your order.

SEEDSMEN BY ROYAL WARRANT
TO
HIS MAJESTY KING GEORGE V.

All of Carters Tested Seeds are offered by packet, weight and measure only, and at prices which place them within the reach of all growers.

Carters Tested Seeds, Limited

Terms.

Our terms are net cash with order, unless customer has an account with us, in which case terms are STRICTLY NET CASH, THIRTY DAYS.

We deliver free in Canada to any post office, railroad, express office, or freight station at our expense, all vegetable and flower seed cash orders at the packet, ounce, quarter-pound, half-pound, and pound price; also bulbs at the single and dozen rates, except where otherwise noted. Purchaser must pay transit charges on pints, quarts, pecks and bushel lots of vegetable seeds, also on farm seeds, plants, bulbs at hundred and thousand rates, tools, fertilizer, and insecticides, etc. When ordering peas, beans, or corn, forwarding charges prepaid, please remit in addition to price, the postal rates from Toronto as shown on the table below. One pint of peas weighs about one pound, one quart about two pounds. When forwarding charges are not remitted, we reserve the right to reduce order to cover disbursements.

Conditions of Guarantee of Quality.

We guarantee our seeds according to the quality purchased to be of the highest average standard of vitality of the season, and it is open to the purchaser to confirm this by submitting the samples to professional analysis at his own expense. All our Seeds have been carefully grown, selected, cleaned and tested, but we cannot give any warranty, expressed or implied, as to description, purity, productiveness or any other matter, nor can we be in any way responsible for the crop. The goods are sold on the express condition that when they have been accepted no claim for damages or otherwise can be made against us for any breach of obligation.

Substitutes.

In the event of any variety ordered being sold out, we will send the most suitable substitute, unless instructed to the contrary.

ARTICHOKE

THE CULTIVATION OF ARTICHOKE.—The scales and bottom of the flower-head are eaten either boiled or raw as salad. The young suckers are sometimes tied together and blanched, and served in manner the same as Asparagus. Sow the seeds early in April or May, and when large enough transplant in rows 4 feet apart with 2 feet between each plant. 1 oz. of seed will sow 35 feet of drill.

1231 Crown Artichoke, Earliest Drumhead.—The finest strain in cultivation.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	20c.	70c.	\$1.25

ASPARAGUS

THE CULTIVATION OF ASPARAGUS.—Sow the seeds thinly in drills about 1 foot apart and 1 inch deep. Any good, loamy soil is good for growing the plants, and the seed can be sown as early as the ground can be cultivated in the spring. When the plants have made a showing thin out to 2 or 3 inches apart. For the permanent bed deep, warm, rich loamy soil is required. Use stable manure and fertilizers freely. Make trenches 3 to 4 feet apart and 8 to 10 inches deep. Set the one or two year old roots about 10 feet apart in the trench and cover lightly at first, gradually filling in with soil and old compost. 1 oz. of seed will produce about 200 plants; 4 to 5 lbs. to the acre

1210 Carters Mammoth Emperor.—Superior in size.

1220 Reading Giant.—Rich, nutty flavor.

	$\frac{1}{2}$ oz.	1 oz.	$\frac{1}{4}$ lb.
Price per.....	10c.	15c.	50c.

BEET

CRIMSON BALL BEET

THE CULTIVATION OF BEETS.—The seed should be sown from as soon as the ground can be worked in spring until July 1st, in soil that has been well trenched and manured. Let the rows be about $1\frac{1}{2}$ feet apart, thin them to allow about 9 inches between the plants, and keep the soil well cultivated during the summer. 1 oz. of seed will sow 50 feet of drill, 5 to 6 lbs. per acre.

6 Carters Crimson Ball.—A round summer variety. Fine specimens of this variety have been exhibited in Gold Medal Collections, and during the past few seasons 65 First Prizes have been reported.

12 Carters Perfection.—We continue to re-select this fine Beet, which is now a perfect and refined root. Medium size, rich crimson lake color, and splendid flavor; foliage shining and dark.

27 Carters Selected Stock, Crosby's Egyptian.—The roots are flat, round and run very uniform in size and shape, the flesh being a rich red in color and very sweet.

21 Spinach (PERPETUAL SPINACH).—Leaves thrown up in profusion, and largely used as a substitute for Spinach.

28 Swiss Chard.—An improved type of a delicious vegetable, in reality a Beet, in which cultivation has developed the leaves and ribs instead of the root. It is sown at the same season as Beetroot, in rows about $1\frac{1}{2}$ feet apart, and the plants thinned out to $1\frac{1}{2}$ feet apart.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.	$\frac{1}{4}$ lb.	$\frac{1}{2}$ lb.
Price per.....	10c.	15c.	25c.	60c.	\$1.10

BEANS

When ordering Beans to be sent by Mail add postage at the zone rate. Average weight, 1 pt. equals 1 lb.; 1 qt. equals 2 lbs.

ENGLISH BROAD WINDSOR

CULTIVATION.—The English Broad Bean has a flavor different and superior to all others. The best plan is to select medium soil that has been deeply worked and well manured for a previous crop. Sow the seeds as early in the spring as possible, spray for fly, pinch out the tops when fruit is set, and before hot weather commences mulch the ground in the neighborhood of the plants with a two-inch coating of manure. Sow 2 bushels to the acre, or 1 pint for 50 ft. of drill.

56 Carters New Colossal Windsor.—This immense Bean is, both in pod and seed, by far the largest Broad Bean ever raised.

40 Carters Leviathan (WHITE SEEDED).—A champion exhibition variety. We continue to re-select this well-known Broad Bean, the seeds being carefully saved from the finest pods taken from the most prolific plants, so that our customers may feel they are growing really the very finest Broad Bean in cultivation.

65 Carters Green Leviathan (GREEN SEEDED).—We introduced this fine Bean as a fitting companion to its prototype. CARTERS LEVIATHAN white seeded.

57 Carters Improved Broad Windsor.—Large and productive, bushy habit; well podded from top to bottom of stem.

	$\frac{1}{4}$ pint	$\frac{1}{2}$ pint	Pint	Quart
Price.....	15c.	25c.	40c.	70c.

ENGLISH DWARF OR BUSH

THE CULTIVATION OF BUSH BEANS.—Seed can be planted from the beginning of May until August, but not until the soil becomes sufficiently warm as they are particularly sensitive to cold. Plant in drills $1\frac{1}{2}$ feet apart, covering the seed about 2 in. Keep the soil well cultivated, using care to do so only at times when it is quite dry, as earth scattered on moist foliage creates rust.

CARTERS SUNRISE DWARF BEAN

86 Carters Sunrise.—For forcing or outdoors. A distinct and valuable first early Dwarf French Bean, raised at our grounds from the result of a cross between NEPLUS ULTRA and CARTERS PERPETUAL. CARTERS SUNRISE is a most valuable addition, for it not only possesses the good forcing quality of the NE PLUS ULTRA, but is a much better cropper, and produces larger and superior pods. Very compact growth and remarkably early.

90 Carters Canadian Wonder.—We were one of the first to make the merits of this fine Dwarf Bean known, and its popularity to-day is probably unequalled. Our stock is the finest obtainable, and produces an abundance of very long fleshy pods, making it a great favorite both for table and exhibition.

91 Longsword, Carters Re-selected.—This variety has been improved and re-selected, and as now offered is one of the largest podded French Beans on the market; the pods, produced in great profusion, are of quite remarkable length and substance. Exhibitors should not fail to grow this variety where space is not limited; a certain prize-winner.

87 Carters Stringless Dwarf French Bean, Holborn Wonder.—The great success which has attended our introduction of the first stringless Green-podded Bean, CARTERS CANADIAN GLORY, has encouraged us to pursue our efforts in selecting Stringless Beans for general use.

	$\frac{1}{4}$ pint	$\frac{1}{2}$ pint	Pint	Quart
Price per.....	20c.	30c.	55c.	90c.

CARTERS MAGPIE DWARF BEAN

- 89 Carters' Magpie.**—The new longstanding variety. It is an excellent forcer. In habit it sometimes resembles our celebrated PERPETUAL, but is a heavier cropper, the pods also being larger and longer, although of equal quality and flavor. We most strongly recommend this introduction.

Price per.....	$\frac{1}{4}$ pint 20c.	$\frac{1}{2}$ pint 30c.	Pint 55c.	Quart 90c.
----------------	----------------------------	----------------------------	--------------	---------------

AMERICAN DWARF OR BUSH

- 138 Black Valentine.**—A standard sort; round long pods.
- 139 Carters Dwarf Horticultural.**—A distinct improvement in the old Horticultural Bean, and wonderfully productive.
- 143 Refugee or 1,000 to 1.**—A late planting variety, with large, handsome, tender pods. The best for pickling.
- 146 Bountiful.**—A six-weeks Bean, with a flat pod. Very prolific stringless and extra early.
- 145 Stringless Green Pod.**—Absolutely stringless, and very early; very crisp and tender.

Price per.....	$\frac{1}{4}$ pint 10c.	$\frac{1}{2}$ pint 20c.	Pint 35c.	Quart 60c.
----------------	----------------------------	----------------------------	--------------	---------------

AMERICAN WAX-PODDED OR BUTTER

- 156 Early Golden Wax.**—A well-known popular variety, of excellent quality. It is stringless and brittle, and will produce a very heavy crop.
- 158 Wardwell's Kidney Wax.**—Good cropper, straight white pods.
- 159 Golden Eye Wax.**—One of the best varieties and a heavy cropper.
- 153 Davis Kidney Wax.**—A very hardy, well-shaped, tender white-seeded Bean. A great favorite.
- 155 Rust-Proof Wax (Black Seeded).**—A productive bean free from rust.

Price per.....	$\frac{1}{4}$ pint 15c.	$\frac{1}{2}$ pint 25c.	Pint 40c.	Quart 70c.
----------------	----------------------------	----------------------------	--------------	---------------

AMERICAN DWARF OR BUSH LIMA

THE CULTIVATION OF BUSH LIMA BEANS.—Select soil that is warm, rich, and well supplied with vegetable matter or humus. Plant as early as soil can be worked in the spring. Prepare the rows 2 feet apart, and allow each plant a space of 6 inches in the row. As these beans are very slothful in growth, a top-dressing of well-rotted manure or some good fertilizer or compost around the plants will aid greatly in hastening maturity, besides increasing the yield.

- 166 Burpee's Bush Lima.**—A dwarf form of the LARGE WHITE LIMA. Very early and of good quality.
- 167 Henderson's Bush Lima.**—Exceedingly productive. Valuable also for the fact that it matures two or three weeks earlier than any of the other varieties of Lima Bean.

Price per.....	$\frac{1}{4}$ pint 15c.	$\frac{1}{2}$ pint 25c.	Pint 45c.	Quart 80c.
----------------	----------------------------	----------------------------	--------------	---------------

POLE BEANS

THE CULTIVATION OF POLE BEANS.—Pole Beans, especially Lima Beans, show better results from a warm and very rich loamy soil. The seed should be planted when the soil has become thoroughly warmed through in the spring. Should the ground be cold or soggy, the seed will rot. Poles from 5 to 8 ft. in length should be set in rows 4 ft. apart and $3\frac{1}{2}$ to 4 ft. between the poles. Plant 4 to 6 beans around each pole, and as the plants make a showing thin out to 3 plants to the pole. Cultivate freely, and if possible top-dress around each hill with a quantity of well-rotted manure compost or some good fertilizer. When hoeing, work this dressing well into the soil. Sprouted Lima Beans transplant easily. Climbing varieties of French Beans may be sown under glass whenever desired, in pots large enough to allow staking. Be cautious in sowing the French varieties out of doors until quite sure that the warm season is well established 1 quart of Pole Beans will plant 200 hills. 1 quart of Pole Lima Beans will plant 100 hills.

ENGLISH POLE BEAN SMOOTH PODDED

Carters Scarlet Emperor

- 117 Carters Scarlet Emperor (THE LONG SMOOTH-PODDED SCARLET RUNNER).**—Fully maintains its great reputation and its popularity still increases, as our sales strikingly show. Its long, handsome pods, often measuring 1 ft. $3\frac{1}{2}$ in., hang in great clusters, and it has been estimated that the produce from CARTERS SCARLET EMPEROR is twice as great in bulk as may be expected from the ordinary type of Scarlet Runner and all of the most refined quality.

$\frac{1}{4}$ pint	$\frac{1}{2}$ pint
Price 20c.	30c.
Pint	Quart
Price 50c.	90c.

POLE LIMA BEANS

- 175 King of the Garden.**—A vigorous grower, bearing large pods varying in length from 5 to 6 in.
- 174 Large White.**—It is considered one of the most tender and delicious Beans grown.

Price.....	$\frac{1}{4}$ pint 15c.	$\frac{1}{2}$ pint 25c.	Pint 45c.	Quart 80c.
------------	----------------------------	----------------------------	--------------	---------------

WAX-PODDED VARIETY

- 126 Mont d'Or or Golden Butter.**—This is perhaps the earliest Wax Pole Bean grown, and the result shows a vigorous growth of plump, meaty pods, 6 to 8 in. in length.

Price per.....	$\frac{1}{4}$ pint 20c.	$\frac{1}{2}$ pint 35c.	Pint 60c.	Quart \$1.00
----------------	----------------------------	----------------------------	--------------	-----------------

AMERICAN GREEN-PODDED VARIETIES

- 190 Horticultural or Speckled Cranberry.**—The best pole shell Bean grown, although it can also be used as a snap Bean. It has a pale-green pod, but becomes streaked with red when mature.
- 191 Kentucky Wonder or Old Homestead.**—A long, green-podded sort. The vine makes a very vigorous growth and produces quantities of large pods, which grow in great clusters and are fine quality.

Price per.....	$\frac{1}{4}$ pint 15c.	$\frac{1}{2}$ pint 25c.	Pint 40c.	Quart 70c.
----------------	----------------------------	----------------------------	--------------	---------------

BORECOLE OR KALE

200 CARTERS DWARF EXTRA CURLED KALE

200 Carters Dwarf Extra Curled Kale.—A re-selected and crested form of Early Kale. It will resist the most intense frost and makes a delicious winter dish.

204 Carters Mammoth Tall Scotch Kale.—A very robust variety.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	15c.	25c.

BRUSSELS SPROUTS

223 CARTERS PERFECTION

221 Carters Holborn Exhibition.—A very fine strain, the result of many years' careful selection. Its points for size, colour and productiveness are good all round. It is of medium height with large solid sprouts.

223 Carters Perfection.—Perfection in every way. A standard variety for general use. It is a taller growing variety than our EXHIBITION strain.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	20c.	35c.

BROCCOLI

THE CULTIVATION OF BROCCOLI.—This vegetable resembles Cauliflower and is much hardier. The seed should be planted in hotbeds during March and April for an early crop. Transplant during May or June in rows 3 to 4 feet apart and the plants about 2 feet apart in the row. A good deep well-manured soil is required for success. 1 oz. of seed will produce about 2,000 plants.

235 Veitch's Self-protecting.—Early variety with good hearting quality.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	25c.	40c.

CABBAGE

THE CULTIVATION OF CABBAGE.—For plants of the early varieties sow the seed in February or March under glass and prick out into flats or frames about 2 inches apart each way. Transplant to the open ground as soon in the spring as the land can be properly prepared. The plants should be placed from 1½ feet to 2 feet apart in rows which should be at least 2 feet apart. They should be kept well cultivated, and during drought should be thoroughly irrigated, if this is possible. The plants do best in a rich, warm, fibrous soil. The seed of the late Cabbage should be sown in drills in the open ground during April and May and transplanted in June or July, leaving more room between the plants than was allowed for the early sorts. 1 oz. of Cabbage seed will produce about 3,000 heads.

304 CARTERS MAMMOTH BEEFHEART CABBAGE

289 Carters Early Heartwell.—An early Marrow Cabbage of refined quality and delicate flavour; without doubt one of the best varieties in cultivation.

304 Carters Mammoth Beefheart Cabbage.—The finest garden Cabbage grown. It is some years since we introduced this variety but each season it becomes more popular, and we confidently recommend this highly selected strain as being not only the largest, but one with the least tendency to bolt. It is much more robust and hardy than many of the small varieties now recommended for early summer use.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	25c.	40c.

331 Danish Ball Head.—An extra hard heading variety originated in Denmark. It is a medium-late sort, but is grown mostly for winter use, because of its fine keeping qualities.

330 Copenhagen Market.—This sort is the earliest and largest of any ball or round head type grown. The heads weigh 10 to 12 lb and are very solid and of excellent quality.

	Pkt.	½ oz.	1 oz.
Price per.....	20c.	50c.	90c.

288 Carters Springtide.—A dwarf variety, very early. The hearts are of perfect form and flavour. This choice little variety is practically all heart. There being few outside leaves, almost the whole plant can be used for culinary purposes.

312 Carters Summer.—One of the largest headed varieties; very white hearts, good flavour.

332 Early Jersey Wakefield.—An early conical-shaped Cabbage of fine quality; very popular.

310 Carters Red Pickling.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	35c.	60c.

SAVOY CABBAGE

343 CARTERS GIANT GREEN SAVOY

343 Carters Giant Green.—An improved type of Savoy with crimped foliage; the individual leaves are very large, but retain their tender properties longer than any other variety.

340 Carters Drumhead.—Good stock; large hearting variety.

341 Dwarf Green Curled.—Very compact and hardy; one of the best for general use.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	25c.	45c.

CARROTS

THE CULTIVATION OF CARROTS.—This vegetable does its best in a warm, deep, rather light and fairly fertile soil that is well supplied with humus. Sow the seed in May and June for early crops, and June for autumn crops, in drills 1 ft. apart covering the seed ½ in. in depth. As the young plants appear thin out to from 3 to 5 in. apart, according to the size of the expected variety. Keep the soil well cultivated, as weeds are a sure death to young carrot plants. Keep irrigated during droughts if it be possible. 1 oz. of seed will plant 100 ft. of drill, 3 to 4 lbs. to the acre.

366 CARTERS EARLY MARKET CARROT

362 Carters Golden Ball.—A most distinct and small early variety specially adapted for forcing and frame work. The roots are almost as round as a turnip, flavor excellent and melting.

363 Carters Improved Early Horn.—A perfect type of stump-rooted Carrot, of excellent flavour.

366 Carters Early Market.—Fine early variety of good colour, quick in growth, valuable alike for market gardeners or private use.

372 Chantenay Half Long.—A most excellent medium early variety. It is one of the best in quality for the market or home garden, while its great productiveness and ease with which it can be harvested make it desirable as a field sort.

CARROTS

376 CARTERS SUMMER FAVOURITE CARROT

376 Carters Summer Favourite.—A splendid half-long, producing handsome, well-grown, bright-cochineal scarlet Carrots very early in the season.

377 Carters Red Elephant.—A veritable giant, both in length and rotundity. Specimens have been exhibited at our establishment measuring 2½ ft. in length (30 in.). A remarkable variety and one which has already become prominent in first-class gardens and on the exhibition table.

379 Carters Scarlet Perfection.—A distinct and greatly improved form of Garden Carrot. It is midway in length between the LONG SURREY and the well-known INTERMEDIATE, with the bright scarlet colour of the SURREY. The flesh is solid, crisp and fine flavoured. Invaluable alike for table, exhibition and market purposes.

387 Carters Re-selected Danvers Half Long.—This superior strain of seed is the result of years of careful study and rigorous selection under the well-known "Carter" method. By continual re-selection we are able to offer to our customers the heaviest cropping, best sized and shaped strain of the DANVERS HALF LONG CARROT ever-placed before the public.

	Pkt.	½ oz.	1 oz.	¼ lb.	½ lb.
Price per.....	10c.	15c.	25c.	75c.	\$1.30

362 CARTERS GOLDEN BALL CARROT

CAULIFLOWER

THE CULTIVATION OF CAULIFLOWER.—For the earliest Cauliflower sow the seed in hotbeds or greenhouse during February or March and transplant to flat or cold frames 2 or 3 in. apart each way. Set in the open ground as early in the spring as the ground can be properly worked. Plants should be 2½ ft. apart each way. The soil should be warm, very rich, and fibrous, with an abundance of humus and moisture. A copious supply of water during the dry spells, especially during the heading period, will help. For late Cauliflower, start plants in the open ground and treat as late Cabbage. When the heads have formed they should be blanched by drawing the leaves together and tying. 1 oz. of Cauliflower seed will produce 3,000 plants.

393 CARTERS FORERUNNER CAULIFLOWER
(Included in five Gold Medal Exhibits during 1921)

EARLY VARIETIES

393 Carters Forerunner.—The quickest Cauliflower ever grown. Ten days earlier than others. Large white head, solid, good size.

398 Snowball.—This is an old well-known variety. It is valuable for outdoor work and much esteemed by market growers. It has a compact upright habit, and forms fine white, hard heads.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	25c.	50c.	\$1.75	\$3.00

MAINCROP VARIETIES

404 Carters Extra Early Autumn Giant.—This magnificent Cauliflower produces enormous snowwhite heads and is admitted to be the largest and earliest of the giant forms that are of such value during September and October.

415 Autumn Giant.—Well known. One of the most popular Cauliflowers in cultivation, succeeding immediately our EXTRA EARLY AUTUMN GIANT. Heads of enormous size and fine texture.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	25c.	50c.	85c.	\$1.50

CELERY

424 CARTERS SOLID IVORY CELERY
(Included in four Gold Medal Exhibits during 1921)

THE CULTIVATION OF CELERY.—For earliest crop sow in February under glass or on a mild hotbed. Prick out on bottom heat when ready and transfer to trenches in May or June. For main crop sow in March or April, and in June or July, when plants are large enough, transplant to trenches, preparing the same by bottoming with good rich loam. Water liberally during July and August; earth up gradually during August and September. Lift late in November, and for winter storage place upright on damp soil in a cellar or root-house. Pack closely. 1 oz. of seed will produce 3,000 plants.

434 Golden Self Blanching (FRENCH SEED).—The best early variety largely grown for early market. Stalks solid and crisp with a nutty flavour.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	25c.	40c.	75c.	\$1.25

424 Carters Solid Ivory.—One of the most remarkable features of SOLID IVORY CELERY is its extreme dwarf compact habit and beautiful white colour. If the heads are tied with a little rough matting, the same as with Cos Lettuces, it will assist not only in keeping the Celery perfect, but also to exclude superabundant moisture.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	10c.	35c.	60c.	\$1.00

429 Henderson's White Plume.—Inner leaves being naturally white, little blanching is required.

451 Winter Queen.—Of medium height, broad, light green stalks, very solid and crisp; blanches well.

452 Giant Pascal.—A large green-leaved variety, and one of the very best for winter use; stalks of medium height, very thick and blanch beautiful yellowish-white.

442 Carters Giant Pink.—A superb large-growing variety specially recommended for exhibition.

432 Celeriac, Carters Improved (OR TURNIP-ROOTED CELERY).—Pure white root, refined flavour. It is becoming popular in this country owing to the more frequent contact nowadays of the Canadian people with French dishes. Seeds should be sown in pans in March, and the plants set out in shallow trenches to mature.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	10c.	20c.	35c.	60c.

SWEET CORN

When ordering corn to be sent by mail add postage at the zone rates. Average weight, 1 pint equals 1 lb., 1 quart equals 2 lbs.

THE CULTIVATION OF SWEET CORN.—Plant in a rich, warm soil, in rows 3 ft. apart for dwarf or early sorts, and 4 ft. apart for the table or late sorts. Place hills 2 to 3 ft. apart in the rows. The seed is liable to rot if planted in wet or cold ground. Yet, if we have an early warm period in spring it often pays to take some risks, as the plants, when once up, will often escape injury from belated frosts. May 15th is early enough to plant for seasonable crops. For succession plant every two weeks to July 15th. 1 quart of seed will plant 200 hills, 8 to 10 quarts to an acre.

500 Carters Improved Sweet Corn.—An extra early variety. Closely filled with deliciously flavoured grains. Ht. 4 to 5 ft.

501 Burpee's Golden Bantam.—An extremely early variety, of a rich golden colour and delicious flavour; of excellent quality. No garden is complete without this sort.

502 Peep o' Day.—This Corn is at least ten days earlier than any other sort, bearing ears of fine quality, averaging 6 in. in length. Stalks are small, and can be grown close together.

503 60-Day Makegood.—This is one of the most valuable introductions of recent years, maturing in from 55 to 65 days. Good sized ears with deep, white kernels, sweet, tender and of fine flavour.

506 Early White Cory.—One of the best early varieties, white kernels.

508 Black Mexican.—The sweetest Corn in cultivation. When ripe this Corn is almost black, but is almost white when ready for the table. Ripens medium early.

510 Country Gentleman.—Of all late varieties this is the richest flavoured.

511 Stowell's Evergreen.—A very handsome, tender and sugary sort. The standard late variety, with very large ears of 12 to 16 rows which remain fit for use longer than any other Corn grown.

	$\frac{1}{4}$ pint	$\frac{1}{2}$ pint	Pint	Quart
Price per.....	10c.	20c.	30c.	55c.

CUCUMBER

459 CARTERS IDEAL CUCUMBER

FRAME CUCUMBER

THE CULTIVATION OF INDOOR CUCUMBER.—English Forcing or Frame varieties for winter use must be started under glass early in September, in pots or pans, keeping the seed pans shaded from strong light until the seedlings appear. When established, transplant to the permanent position in hotbeds or greenhouse, in a well-prepared soil, and supply freely with lukewarm water and light liquid manure; or sow in a pot or pan during February or March in heat for summer use, keeping the seed-pan shaded from strong light until seedlings appear then transplant to well-prepared hotbed or other position, when the plants are sufficiently established. If intended for cold-frame culture, the plants must not be put out until all danger of frost is past. The Frame varieties also do well out of doors trained on a trellis, if a strong plant is put out in June.

456 Carters Model.—One of the handsomest Cucumbers grown. Perfect in outline, with scarcely any neck, and of fine flavour. This variety has become popular, both for exhibition and table purposes.

457 Carters Improved Telegraph.—Unquestionably one of the best winter Cucumbers; indispensable for forcing, and a great cropper.

459 Carters Ideal.—It is quite an aristocratic variety in colour, shape and flavour.

The seeds of these varieties are saved from plants grown under glass
Price per Pkt.....25c. and 50c.

OUTDOOR CUCUMBER

THE CULTIVATION OF OUTDOOR CUCUMBER.—For early use sow April 1st in hotbeds, upon inverted grass sods, so that they can be readily transplanted to the open ground in rich soil when all danger of frost is past. For outdoor cultivation sow the seed when the weather becomes settled and warm; in hills from 4 to 6 ft. apart each way. Thin out to 4 of the strongest plants to a hill after danger from insects is over. These plants exist best in a warm, moist, rich, loamy soil. Continue planting at intervals for a succession. Cucumbers should be gathered when large enough for use, whether required or not, because if left to ripen they spoil the productiveness of the plant. For pickles plant in June and July. 1 oz. of seed will plant 50 hills, 2 lbs. to the acre.

487 IMPROVED EARLY WHITE SPINE

480 Carters Outdoor.—The longest hardy Cucumber. Fruit of a good shape and colour and of fine flavour.

485 Gherkin.—Very extensively used for pickling.

487 Improved Early White Spine.—An excellent variety. They are a light green in colour, with white spines of a medium size.

489 Japanese Climbing.—Can be grown on a trellis for decoration

491 Improved Long Green.—This is a late sort, of great length.

493 Paris Pickling.—Fruit long, slender, prickly and deep green.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.	$\frac{1}{4}$ lb.
Price per.....	10c.	15c.	25c.	75c.

EGG PLANT

THE CULTIVATION OF EGG PLANT.—Sow in gentle heat early in April, transplant towards the middle of June, setting the plants 3 feet apart each way. 1 oz. of seed produces about 1,500 plants.

574 Black Beauty.—Fruit jet black; good form and solid.

575 N.Y. Improved.—A splendid market variety; fruit large.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	10c.	75c.	\$1.25

ENDIVE

THE CULTIVATION OF ENDIVE.—Sow for early crops in middle of May, and for succession to beginning of August; transplant from the seed bed into warm situations, and give protection to the late crops required for spring use. A simple method of blanching is to put an inverted pot over each plant and cover it with leaves or straw. 1 oz. of seed will sow 100 ft. of drill.

555 Carters Model.—The most beautiful and perfect form of Curled Endive yet introduced. It is exceedingly ornamental, of a distinct colour and bleaches admirably.

556 Carters White Endive.—Superbly curled and laciniated; easily blanched, very tender.

	Pkt.	1 oz.
Price per.....	10c.	25c.

CARTERS OVAL OR PLAIN-LEAVED ENDIVE

568 Green Batavian or Escarolle.—Tender broad leaves, crisp; of good flavour.

	Pkt.	1 oz.
Price per.....	10c.	25c.

KOHL RABI OR KNOL KHOL

A useful vegetable, not nearly so much cultivated in this country in gardens as it would be were its merits known. Used as a substitute for Turnips, especially in hot, dry seasons.

THE CULTIVATION OF KOHL RABI.—Prepare a breadth of good well-manured soil. Drill the seeds in rows about 1½ ft. apart in May, and thin out to about 9 inches apart. They are ready for use when they attain the size of a small Turnip.

582 Carters Earliest White.—Garden Kohl Rabi.

583 Carters Earliest Purple.—Garden Kohl Rabi.

	Pkt.	1 oz.
Price per.....	10c.	35c.

LEEK

THE CULTIVATION OF LEEK.—Sow early in spring and transplant early in July into trenches of well-manured soil, say 1 ft. in depth and 1 ft. 8 in. between the plants. In warm weather liberal dressings of liquid manure will be of service, and the plants should be afterwards carefully earthed up to blanch the stems. For exhibition, sow in January in boxes under glass, and transplant as early as the ground can be worked into rich soil. 1 oz. of seed will sow 100 ft. of drill.

637 Carters Holborn Model.—The stems are remarkably solid, whilst the flavour is exceedingly delicate.

638 Carters Selected Musselburgh.—A splendid selection of this well-known and popular variety; grows to a large size and is recommended for exhibition.

	Pkt.	1 oz.
Price per.....	10c.	35c.

589 CARTERS HOLBORN STANDARD

LETTUCE

THE CULTIVATION OF LETTUCE.—Sow the seed in hotbeds during February or early March. As the seedlings appear prick them into flats or cold frames, leaving several inches between the plants for growth. As soon as a nice, rich, warm spot can be worked in the open, transplant the sturdiest plants in rows 1 ft. apart and leaving 8 to 12 in. between the plants in the rows. For a succession of growths sow the seeds very lightly in open ground and thin the plants to 6 in. or more apart. Do this as often as one bed is rid of its results. Some varieties will do very well during the winter in a cool forcing house. 1 oz. of seed will produce 3,000 plants.

617 CARTERS GIANT WHITE COS LETTUCE

COS OR ROMAINE VARIETIES

617 Carters Giant White Cos.—Without doubt the best and finest flavoured Cos Lettuce in cultivation. Owing to the self-folding habit it possesses, no tying is required. The heads are very solid and crisp eating. It does not run to seed as quickly as other Cos varieties.

624 Carters Jumbo Cos.—A summer Lettuce of enormous size.

CABBAGE-HEAD VARIETIES

589 Carters Holborn Standard.—A Lettuce of extraordinary size. Its leaves are crumpled and crisp, it is very tender and of excellent flavour, and will provide an abundance of salad during the hottest summer.

590 Carters Harbinger Forcing.—Valuable on account of its extreme earliness. It is not a hearting variety, but being of quick growth produces a quantity of tender leaves which are so much in request for early salads.

598 Carters Perpetual.—This is a large handsome Cabbage Lettuce, equally suitable for forcing and for open ground. Its great attraction to us is its resistance to drought. It produces very fine heads of a lively green colour, and retains its crisp and tender flavour to the last, its deeply crumpled leaves giving it great substance.

593 Carters All-the-Year-Round.—This is a superb stock, the heads being very solid, white and crisp, and slow to run to seed.

596 Continuity.—Distinct brown-tinged variety; useful for hot, dry seasons.

605 Tom Thumb.—Re-selected; fine stock of an old favourite. Hearts compact, solid and crisp.

612 Grand Rapids.—An open cabbaging type, producing a large quantity of leaves which can be used for salads in a very early stage, before hearting varieties are ready.

613 Iceberg.—A large solid-headed, very crisp kind, the hearts of which under moderate cultivation weigh from 2 to 3 lbs.

	Pkt.	½ oz.	1 oz.	¼ lb.
Price per.....	10c.	20c.	35c.	\$1.10

MELON

ENGLISH FORCING OR FRAME
VARIETIES

THE CULTIVATION OF MELON.—Sow for first crop in January and plant when ready into pits or on slabs filled with good maiden loam and well-rotted manure, adding a dressing of fine soil to the surface and bringing the plants as near the light and glass as possible. It is essential that a regular temperature be secured rather than a high degree of heat. Keep a moist, buoyant atmosphere during growth and give air freely when fruit is ripening, checking the supply of water to develop flavour. The frame varieties are sown later and kept under glass until the season is sufficiently advanced for them to be put out on a warm heap of soil in the frame.

703 CARTERS DELICATESSE

703 Carters Delicatsesse.—From all quarters we have received most favourable reports, remarking on the excellent constitution of the plants and the delicious flavour of its freely produced and handsomely netted fruits.

704 Carters Blenheim Orange.—The finest flavoured and most popular scarlet-flesh Melon in cultivation. Remarkably prolific, has a grand constitution, is a very fine setter. The fruit is superbly netted, the flesh deep and solid.

710 Carters Barnett Hill Favourite.—A superb white-fleshed Melon. It is superbly netted, orange-yellow in colour, with white flesh and a splendid flavour. The seeds of the above very choice varieties are saved with great care from plants grown under glass.
Price per Pkt.....25c. and 50c.

MUSK MELON

THE CULTIVATION OF MUSK AND WATER MELON.—Melons succeed best in a light, rich, sandy soil. Seed should be planted about the middle of May. Plant in hills about 5 or 6 feet apart each way for Musk Melon and 8 to 10 feet apart each way for Water Melon. Each hill should have at least a peck of well-rotted manure mixed thoroughly with the soil previous to the planting. Plant 10 seeds to the hill, and when the plants have made a good showing thin out to 3 or 4 of the best plants to the hill. 1 oz. of seed will plant 45 to 50 hills; 2 to 3 lbs. of seed in hills to the acre.

724 Carters Re-selected Netted Gem or Rocky Ford.—An oblong, second early sort, very popular. The melons average about 5 in. in length with a light green flesh.

725 Emerald Gem.—An extra early sort. Round with a salmon-coloured flesh, exceptionally fine flavour. Exterior is a dark green.

726 Miller's Cream or Osage.—Fruit round and large, with a green netted skin. Salmon flesh. Very tasty.

729 Montreal Nutmeg.—The largest Nutmeg sort grown.

732 Honey Dew.—A very excellent melon, flesh green with a delicious honey flavour.

	Pkt.	1 oz.	¼ lb.
Price per.....	10c.	25c.	75c.

WATER MELON

737 Cole's Early.—A medium-sized very early sort with a large heart and deep-red flesh of fine texture. Does well in northern gardens.

738 Mountain Sweet.—A large oblong sort with a dark green coloured skin and very solid red flesh. This is an early sort and very popular.

739 Ice Cream.—This is a fine melon with mottled-grey skin and flesh-pink flesh. Very crisp.

741 Carters Improved Kleckleys Sweet.—The melons measure about 1½ ft. in length by about 10 in. in diameter. The flesh is bright scarlet, very thick, crisp, sweet and melting. It is an early variety and most suitable for home growing.

742 Citron.—Excellent for preserving.

	Pkt.	1 oz.	¼ lb.
Price per.....	10c.	25c.	75c.

VEGETABLE MARROW—ENGLISH

The VEGETABLE MARROW SQUASHES are of an English production but should be more generally used in this country as they are far superior in every way to our summer Squash. They will grow anywhere with just a little care and the results are more than satisfying. When the fruit is from half to three-quarters grown prepare similarly to Squash or slice and fry like Egg Plant, and the superiority in both cases is remarkable. All the varieties of Marrows that we offer for planting in America this year were planted with great results in previous years and we predict a great future for this vegetable, judging from the remarks of satisfaction on all sides.

658 CARTERS TRAILING WHITE VEGETABLE MARROW

658 Carters Trailing White.—One of the quickest-growing varieties we know of. The fruit will extend to a great length whilst retaining all the tenderness of small young Marrows.

664 Carters Long Green Striped.—A giant prolific variety, the very best for gardens that lie in a bleak and exposed position.

666 Bush or Cluster.—A useful variety in small gardens.

	Pkt.	½ oz.	1 oz.	¼ lb.
Price per.....	10c.	15c.	25c.	75c.

Price of the above.....	25c.	85c.	\$2.00	\$14.50

Hints on Mushroom Culture enclosed with orders on request.

(Mailing charges extra.)

ONION

THE CULTIVATION OF ONION.—The ground cannot well be too rich for this crop, nor the soil in too fine a condition. Sow the seed as early as the soil can be worked. The soil must be made firm before the operation is undertaken in either beds or drills. The seed should be sown thinly and covered lightly, the drills 1 ft. apart and the young Onions thinned out to about 6 in. apart, according to the variety. In very dry weather a good watering is very beneficial. Growers of Onions for exhibition generally transplant, and this is also a sure means of checking the onion grub, so troublesome in some districts. 1 oz. of seed will sow 100 ft. of drill; 4 to 5 lbs. to an acre.

747 CARTERS HOLBORN CNION

748 CARTERS LONG-KEEPER ONION

747 Carters Holborn.—Equally valuable for exhibition and for table purposes. Perfect in shape, it grows to a large size and is distinct in colour of skin from other globe varieties.

752 Carters Selected Ailsa Craig.—We offer a very fine strain of this popular Onion which, on account of its enormous size, is in great demand. It is a good keeper and is much liked and recommended on account of its acceptable, delicate and pungent flavour.

753 Carters Record.—Continues to hold its prominent position in public favour as the largest globe-shaped Onion in cultivation. It shows a disposition to vary in colour in a small percentage which can be eliminated at time of transplanting. It will be remembered that a specimen illustrated in the GARDENING WORLD turned the scale at 4½ lbs.; this was probably the heaviest Onion ever grown.

	Pkt.	¼ oz.	½ oz.	1 oz.
Price per.....	15c.	25c.	40c.	75c.

764 CARTERS PEARL PICKLER ONION

748 Carters Long Keeper.—Will remain sound the year round if properly kept.

754 Carters White Spanish—A re-selected stock. Our stock of this popular variety has been carefully selected by us and is offered as the most perfect form of the Banbury type it is possible to procure. It grows to a very large size, is of pale yellow colour and good flavour.

764 Carters Pearl Pickler.—This is the genuine miniature Onion that is preserved in white vinegar.

765 Covent Garden Pickling.—A splendid pickling variety.

763 Cranston's Excelsior.—A fine variety of good shape; suitable for exhibition purposes.

776 Spring, Carters Selected.—A favourite variety for pulling small and for early salads.

	Pkt.	½ oz.	1 oz.
Price per.....	15c.	25c.	45c.

792 Carters Selected Yellow Globe Danvers.—Our stock of this very popular variety has been carefully selected by us from numerous tests in regard to its size, shape, colour, solidity and flavour by the Carter method, and we are pleased to say this strain of seed is the most perfect form of a Yellow Globe Onion ever produced.

793 Red Wethersfield.—A variety of exceptional quality and flavour and a good keeper.

796 Yellow Prizetaker.—Enormous bulbs of fine flavour.

798 Mammoth Silver King.—A large, flat Onion; skin silvery white, flesh pure white; mild and delicate in flavour.

799 Early Barletta.—Very early, small, white flesh, mild; excellent for pickling.

800 Australian Brown.—Medium size, clear amber brown in colour, very solid; ripens early and is well suited for our northern cold sections.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	20c.	35c.

SHALLOTS AND DUTCH SETS

1378 Carters Shallots.....	Per lb. 25c.
1333 Dutch Sets.....	Per lb. 25c.

(Mailing charges extra.)

PARSNIP

THE CULTIVATION OF PARSNIP.—Sow the seed as soon as the season will permit. The ground should be well manured and deeply trenched, the drills about $1\frac{1}{4}$ feet apart, and the plants thinned out the same distance apart. The quality of the roots is improved by allowing them to winter in the ground for spring use. 1 oz. of seed will plant 100 feet of drill; 5 lbs. to the acre.

832 CARTERS HOLBORN MARROW PARSNIP
(64 First Prizes reported during 1921)

830 Carters Maltese.—A superb giant Parsnip for exhibition or table use. We are confident this strain cannot be surpassed either for size or flavour; the roots being quite as tender and sweet flavoured as most varieties which do not reach one-half the size.

832 Carters Holborn Marrow.—A sweet delicate-fleshed variety. A truly refined Parsnip. When lifted it leaves the ground clean, smooth and well shaped. It is not so large in growth as our MALTESE, but its flavour is unusually marrow-like and delicate.

833 Hollow Crown.—An old favourite.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.	$\frac{1}{4}$ lb.
Price per.....	10c.	15c.	25c.	75c.

PARSLEY

THE CULTIVATION OF PARSLEY.—Sow the seeds thinly in beds any time from early spring until the end of June. In dry seasons it is an advantage to water the beds as the seeds will sometimes lie a long while dormant. 1 oz. of seed will sow 150 feet of drill; 5 lbs. to the acre.

814 CARTERS CRESTED BOUQUET PARSLEY

814 Carters Crested Bouquet, Re-selected.—This variety is without question the most perfect type of Parsley ever offered. It is of dwarf, compact habit, the exquisite curl of the leaves giving it a very attractive crested appearance.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	10c.	20c.	35c.

815 Carters Emerald Green.—The colour is of a very rich deep green; habit taller and more branching than our celebrated CHAMPION MOSS CURLED.

816 Carters Champion Moss Curled Parsley.—A very close, handsome variety; both useful and ornamental.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	10c.	15c.	25c.

PEPPERS

THE CULTIVATION OF PEPPERS.—Sow in hotbed or greenhouse in March or April, and transplant to the open ground when all danger from frost is over. Plant in rows 3 feet apart and $1\frac{1}{2}$ feet between the plants; cover the seed when sowing with about $\frac{1}{4}$ inch of soil.

841 Bell or Bull.—A large bright and early variety of mild flavour.

842 Chinese Giant.—A dwarf well-branched early variety, producing immense brilliant glossy scarlet fruits.

844 Ruby King.—Plants grow 2 feet high and bear freely large scarlet thick-fleshed mild sweet fruits.

847 Neapolitan.—A large early Pepper; fruits sweet and mild.

848 Small Red.—Small bright red fruits.

849 Sweet Mountain.—An improved bullnose, the fruits of which are large, thick-fleshed, mild and bright red when ripe.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	10c.	60c.	\$1.00

POTATOES

Delaware, Irish Cobbler, Green Mountain, Early Rose.—And other standard varieties. Prices on application.

PEAS

EARLIEST GARDEN PEAS

When ordering Peas to be sent by mail add postage at the zone rate.

Average weight: 1 pint equals 1 lb.; 1 quart equals 2 lbs.

THE CULTIVATION OF THE GARDEN PEA.—The smooth round-seeded extra early varieties of Peas are generally the very first to be sown in spring and should be sown as soon as the ground is fit to be worked. The wrinkled sorts are not so hardy and should not be planted before the ground has warmed up to a certain degree. The tall varieties require brush or other suitable support, but by selecting sorts that do not grow over 2 feet the necessity of providing brush may be eliminated. A careful selection of varieties and a frequent planting for succession will insure a continuous crop of peas from June until the early frosts. The seed should be sown in rows 3 feet apart and 3 inches deep and should be planted at the rate of 1 quart of the smoother sorts to 100 feet of drill and 1 quart of the wrinkled varieties to 80 running feet. The taller sorts may be planted in double drills and brush placed between for a support. For best results all garden peas require good fertile soil and moisture.

872 Carters
Eight Weeks

872 Carters Eight Weeks (GREEN ROUND. Height 1¼ feet).—THIS IS THE EARLIEST DWARF PEA IN THE WORLD, proved not only from our own trials but from the expert reports we receive from time to time. A very hardy Marrowfat, possessing all the good points of the best type AMERICAN WONDER, which was one of its parents. As both a forcing and an early border variety it has become a boon to gardeners whose demands are heavy early in the season. The seed is slightly dented and of the same colour as its other parent, WILLIAM THE FIRST. The pods are freely produced and well filled with sweet-tasting peas. It is a splendid forcer.

	¼ pint	½ pint	Pint	Quart
Price per.....	20c.	35c.	60c.	\$1.00

881 Carters Mayflower (WRINKLED MARROWFAT. Height 1½ ft.).—A superb dwarf first early Marrowfat Pea. A cross between Daisy and WILLIAM HURST. This is a fine variety, with long pointed pods twice the size of William Hurst and much more freely produced, being one of the most prolific dwarf peas grown. The vine is robust, possessing the same healthy character as its most famous parent, DAISY, with pods of similar character to that variety. Seed wrinkled. Everyone should try this fine introduction, which is most suitable for forcing.

875 Carters Early Morn (WRINKLED MARROWFAT. Height, 3 ft.).—A SUPERB FIRST EARLY GIANT MARROWFAT. This grand introduction maintains its position as one of the best early Marrowfat Peas ever raised. Although very early, the seed should not be sown until the soil is in a fit state to receive it, as it is a rapid grower. The pods are very large and well filled.

	¼ pint	½ pint	Pint	Quart
Price per.....	20c.	35c.	60c.	\$1.00

898 Little Marvel
Carters Re-selected

898 Little Marvel, Carters Re-selected (WRINKLED MARROWFAT. Height 1½ ft.).—This is one of the best and most popular amongst the early dwarf Peas, bearing a very heavy crop of blunt-ended dark pods, tightly filled with large peas of excellent flavour. An improvement upon the ENGLISH WONDER class. First early green wrinkled.

884 Carters American Wonder, Re-selected (WRINKLED MARROWFAT. Height 1½ ft.).—An early dwarf Marrow. Our stock of this variety is highly selected and is in every way far superior to the older stock, having pods as large again.

888 Gradus (WRINKLED MARROWFAT. Height 4 ft.).—An early large podded Marrow Pea. Large deep-green pods; good flavour.

902 Earliest of All (ALASKA BLUE ROUND. Height 2 ft.).—A well-known extra early round Blue Pea, which produces peas in great quantity.

912 Notts Excelsior (WRINKLED. Height 1½ ft.).—An improved type of LITTLE GEM, being as early and pods decidedly larger and containing 7 to 9 large Peas of fine quality.

	¼ pint	½ pint	Pint	Quart
Price per.....	15c.	25c.	45c.	80c.

SECOND EARLY GARDEN PEAS

927 CARTERS MARKET GARDENER

927 Carters Market Gardener (SECOND EARLY WRINKLED. Height 5 ft.).—Deep-green pods, curved. An entirely new type of Pea for market work or for gardens where quantities are required for large households.

	¼ pint	½ pint	Pint	Quart
Price per.....	20c	35c.	60c.	\$1.00

924 Carters Daisy (WRINKLED. Height 1½ ft.).—The most famous second early Marrowfat in cultivation. This grand dwarf Marrowfat Pea has been before the public for some years and still stands at the head.

944 Carters Petit Pois (DELICATESSE).—This Pea has gained a great renown among the Continental connoisseurs, who regard it as a delicacy. It is a second early wrinkled, with haulm about 3 ft.; very prolific; long curved pods hanging in pairs.

	¼ pint	½ pint	Pint	Quart
Price per.....	15c.	25c.	45c.	80c.

MAINCROP GARDEN PEAS

951 Carters Quite Content (MAINCROP MARROWFAT. Height 5 to 6 ft.).—This grand Pea, which has caused such a stir in the horticultural world, is the outcome of a cross between ALDERMAN and EDWIN BECKETT. In general character it resembles the former but the pods are considerably larger than either parent. In our own trials it has amply demonstrated its wonderful superiority and when exhibited in the open class at Shrewsbury it easily secured the First Prize, and was pronounced by leading experts to be without doubt the finest Pea ever seen. It is exceedingly prolific and the pods hang mostly in pairs.

	¼ pint	½ pint	Pint	Quart
Price per.....	25c.	45c.	80c.	\$1.50

954 Carters Model Telephone (WRINKLED MARROWFAT. Height 5 ft.).—A maincrop Wrinkled Marrow. It is remarkably prolific, bearing large pods of very attractive appearance. For soils of a light nature we strongly recommend this variety.

963 Alderman (WRINKLED MARROWFAT. Height 5 ft.).—Very fine Pea of splendid quality; large, deep-green pods.

960 Carters Harvestman (WRINKLED MARROWFAT. Height 5 ft.).—This grand Pea possesses all the qualities of DUKE OF ALBANY, but the pod is distinct in shape, more regular in growth and altogether superior. For market or garden it is a most profitable Pea.

987 Carters Danby Stratagem, Re-selected Stock (WRINKLED MARROWFAT. Height 2½ ft.).—A distinct improvement on the original STRATAGEM. The haulm is very robust and extends to a height of 2½ ft., bearing a profusion of immense pods.

1007 The Gladstone, Carters Re-selected Stock (WRINKLED MARROWFAT. Height 4 ft.).—A fine late variety, bearing long sickle-shaped pods, dark in colour, very prolific.

1006 Michaelmas, Carters (WRINKLED MARROWFAT. Height 2½ ft.).—A dwarf and prolific Pea; the colour of the pod is of the deepest green, large and well filled. It possesses a reserve of strength which enables it to resist mildew and drought to an extent hitherto unknown in a Pea.

	¼ pint	½ pint	Pint	Quart
Price per.....	20c.	35c.	60c.	\$1.00

RADISH

THE CULTIVATION OF RADISH.—Sow on a moderate hotbed in January, February and March, also every ten days during the spring and summer in well-prepared places in the open. The Radish thrives best when quickly grown in a rich, deep, moist soil, kept well watered during the hot weather. Winter varieties should be planted about the middle of July; store the roots during the winter in a cool pit or cellar and cover them well with earth. 1 oz. of seed will sow 100 feet of drill; 10 lbs. will plant an acre.

1037 CARTERS 16 DAYS

1037 Carters 16 Days.—A new and remarkably pretty introduction. For quality and forcing it has no equal; being fit to pull in 16 days from date of sowing. Small and oval in shape, bright crimson colour with ivory white tip.

1040 CARTERS EXTRA EARLY SCARLET ROUND

1040 Carters Extra Early Scarlet Round.—The most rapid growing and perfect-shaped scarlet turnip Radish. Small topped and perfect quality. Sown with CARTERS LIGHTNING WHITE makes a most perfect combination.

1043 Carters Lightning White Round.—A small white marble Radish of lightning growth; excellent quality, extremely small topped; the quickest Radish every introduced. Sown in frames or on a warm border it is fit for the table in 14 days.

1044 Carters Rosy Gem.—Extra early for forcing or general works quite distinct; a charming delicate rosy-pink colour. The shape is almost oval; it is one of the most attractive and delicate-flavoured Radishes in cultivation.

1038 Carters Extra Early Round White Tipped.—An exceedingly attractive Radish, crimson scarlet with white base. It is very quick in growth; produces small top and flesh is of the finest quality.

1041 Carters Icicle.—So named because of its unique transparent whiteness, attractive appearance and freshness early in the season. The earliest long white Radish, of extraordinary crispness and tenderness.

1065 Carters French Breakfast.—There are so many inferior strains of this very popular Radish (introduced by our house from Paris years ago) that we recommend all connoisseurs of a fine appetising breakfast dish to grow only the real original type.

1068 Mixed Turnip Radish.

	Pkt.	1 oz.	$\frac{1}{4}$ lb.	$\frac{1}{2}$ lb.
Price per.....	10c.	25c.	75c.	\$1.30

WINTER VARIETIES

1080 Long Black Spanish.—For autumn sowing; large and distinct.
1081 China Rose, Oval Shaped.

	Pkt.	1 oz.	$\frac{1}{4}$ lb.
Price per.....	10c.	25c.	75c.

SPINACH

THE CULTIVATION OF SPINACH.—Sow Round Spinach in succession from April to June, and Prickly or Winter Spinach during August and September to stand the winter. These plants should be well mulched and protected from the first approach of severe weather. Sow New Zealand Spinach in March in heat and transplant about the end of May, setting the plants about 3 feet apart. This seed should be well soaked in hot water before sowing. 1 oz. of ordinary Spinach seed will plant 100 feet of drill; 12 lbs. to the acre in drills. 1 oz. of New Zealand Spinach will plant 50 feet of drill.

1095 The Carter Spinach.—A superb long-stander, with rich, deep-green leaves. The leaves are remarkably thick and solid, and the whole plant, which is very fine in colour, is of far greater duration than ordinary Spinach. Awarded 5 large Gold Medals with Carters other vegetables.

1099 Carters Long-standing.—Stands well when others run to seed.

1100 Summer Carters.—Thick leaves of great substance; stands longer than most others.

	Pkt.	1 oz.	$\frac{1}{4}$ lb.	$\frac{1}{2}$ lb.
Price per.....	10c.	20c.	60c.	\$1.00

1097 NEW ZEALAND SPINACH

1097 New Zealand.—One planting on rich soil will give masses of healthy green foliage to last through the summer season.

	Pkt.	1 oz.	$\frac{1}{4}$ lb.	$\frac{1}{2}$ lb.
Price per.....	10c.	20c.	60c.	\$1.00

PUMPKIN

THE CULTIVATION OF PUMPKINS.—After all danger of severe frost has passed the seed may be sown in hills 8 feet apart each way, or in the cornfield, using 3 or 4 seeds with that of the corn in every fourth or fifth hill. 1 oz. will plant 25 hills; 3 lbs. will plant an acre.

862 Large Cheese.—This is a fine sort for either stock or table purposes. Colour creamy buff, flavour very sweet, shape flat, and very productive.

863 Mammoth King.—Often produces a Pumpkin weighing over 100 lbs. It is a fine stock-feeding variety.

864 Sweet or Sugar.—An unsurpassed variety for making pies. The pumpkins are small but they are very sweet, fine grained and of the best quality. The skin is a deep orange in colour.

865 Winter Luxury.—A smooth, yellow-skinned, round Pumpkin with a thick flesh of excellent flavour. It is a splendid keeper with a russet-yellow coloured skin.

	Pkt.	1 oz.	¼ lb.
Price per.....	10c.	20c.	60c.

SQUASH

THE CULTIVATION OF SQUASH.—Never sow the seed in the spring until lasting warm weather is an absolute certainty. A warm, mellow, well-manured soil suits them best. The seeds should be planted in hills about 4 feet apart each way for the bush varieties, and 10 to 12 feet apart each way for the running varieties. Plant 12 to 15 seeds in each hill so as to offset the loss by insects and weakness. 1 oz. of seed will plant 50 hills of the early sorts and 30 hills of the later varieties; 5 to 6 lbs. to the acre.

EARLY VARIETIES

676 Giant Summer Crookneck.—Without a doubt this is the most popular summer Squash grown. The flesh is thick, yellow and of splendid quality.

677 Early Mammoth White Bush.—A superb sort for early use and is considered the best scalloped Squash produced.

678 Golden Custard.—A fine large yellow Squash similar in shape to the MAMMOTH WHITE BUSH.

	Pkt.	½ oz.	1 oz.	¼ lb.
Price per.....	10c.	15c.	25c.	75c.

AUTUMN AND WINTER VARIETIES

679 Delicious.—A very superior sort, surpassing the HUBBARD in its finished qualities. Its colour is an even shade of green and the flesh is a deep orange.

682 Improved Hubbard.—This is the most popular and reliable old-time winter Squash raised. The skin is coloured a dark green with a fine-grained, dry, very rich bright orange flesh of a fine flavour. Average in weight from 10 to 20 lbs. and keeps well.

683 Golden Hubbard.—Very similar to the IMPROVED HUBBARD, except in colour, which is a reddish yellow.

684 Mammoth Warty Hubbard.—A strong-growing vine, producing a great number of dark green warted Squashes, similar in every other way to the IMPROVED HUBBARD and very much larger.

	Pkt.	½ oz.	1 oz.	¼ lb.
Price per.....	10c.	15c.	25c.	75c.

SALAD PLANTS, Etc.

1300 Chevril.—For seasoning soups and salads. Sow in shallow drills across the bed, 9 inches apart and rake over the surface. When the leaves have grown an inch or two cut off as required.

548 Chicory.—This plant is sown in late spring in the open ground and thinned out to about a foot apart to grow through the summer. Lift the roots a few at a time and plant in boxes of rich sandy soil, leaving crown well above the surface. Water, stand in a dark place, when they will produce nicely blanched leaves.

1301 Corn Salad or Lambs' Lettuce.—A hardy annual. In France it is preferred and relished in winter and spring instead of Lettuce, but it is not nearly so highly appreciated in Canada as it deserves.

	Pkt.	1 oz.
Price per.....	10c.	35c.

CRESS AND MUSTARD

THE CULTIVATION OF CRESS AND MUSTARD.—Two of the most popular salad plants in cultivation. Easily grown during the winter on the greenhouse bench, in frames, pots or boxes. Make successive sowings. 1 oz. of Cress will sow 100 feet of drill; 1 oz. of mustard 40 feet of drill.

539 Plain or Common Cress.—For early salads.

541 American or Upland Cress.—A perennial sort, with taste similar to Watercress.

540 Curled or Pepper Grass.—Ordinary stock.

649 Carters Finest White Mustard.—Popular for salads.

	½ oz.	1 oz.	¼ lb.
Price per.....	10c.	20c.	60c.

542 Watercress.—Watercress may be successfully grown from seed if sown in a shaded border and kept well watered when started.

	Pkt.	½ oz.	1 oz.
Price per.....	15c.	50c.	90c.

DANDELION

1303 Improved Large.—Leaves broad and fleshy; very tender.

1304 French.—Leaves finely cut; mild and tender.

	Pkt.	½ oz.	1 oz.
Price per.....	15c.	50c.	90c.

RHUBARB

THE CULTIVATION OF RHUBARB.—The seed should be sown in the spring, in drills about 1 ft. apart and the plants thinned to 5 in. apart. In the spring following transplant to their permanent bed 4 ft. apart each way, cultivate well, using manure freely. 1 oz. of seed will produce about 1,000 plants.

1355 Myatt's Linnaeus.

1356 Victoria.

1357 Champagne.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	20c.	35c.

SALSIFY OR VEGETABLE OYSTER

THE CULTIVATION OF SALSIFY AND SCORZONERA.—Sow during April in drills about 1¼ ft. apart. Thin out the plants to from 6 to 8 in. apart for Salsify, but allow rather more room for Scorzonera. Lift the roots and store in the same manner as Carrots.

1088 Carters Mammoth.—A greatly improved form of the ordinary Salsify.

1089 Scorzonera, Carters Improved.—The roots are eaten cooked like Salsify; the leaves can be used as a salad.

	Pkt.	½ oz.	1 oz.
Price per.....	10c.	20c.	35c.

HERBS

1297 Basil, Sweet (OCIMUM BASILICUM).—Used for flavouring.

1299 Borage (BORAGO OFFICINALIS).—Used for flavouring and valuable to bee masters.

	Pkt.	1 oz.
Price per.....	10c.	45c.

1294 Dill (ANTHEM GRAVEOLENS).—The seeds have an aromatic odour and pungent taste. They are used as a condiment and for pickling with Cucumber.

	Pkt.	1 oz.
Price per.....	10c.	35c.

1305 Fennel (ANETHUM FOENICULUM).—Used for making sauces.

	Pkt.	1 oz.
Price per.....	10c.	50c.

1306 Lavender (LAVENDULA SPICA).—The flowers are dried and used by the housewife for scenting the linen.

1308 Marjoram, Sweet (ORIGANUM MARJORANA).—Used for seasoning.

1311 Rampion.—Sow the seed in a bed in an open warm aspect. Water well in dry weather.

	Pkt.	1 oz.
Price per.....	10c.	75c.

1313 Sage.—Used extensively for seasoning.

	Pkt.	1 oz.
Price per.....	10c.	90c.

1314 Savory, Summer.—The leaves and flowers are used for seasoning soups and dressings.

	Pkt.	1 oz.
Price per.....	10c.	75c.

1318 Thyme (THYMUS VULGARIS).—The leaves are used for seasoning.

	Pkt.	1 oz.
Price per.....	10c.	\$1.25

1319 Whitloef.—Distant variety of Chicory, largely grown in suburbs of Brussels; noted for the quality of its leaves.

	Pkt.	1 oz.
Price per.....	10c.	75c.

TOMATO

THE CULTIVATION OF TOMATOES.—About February or March is the proper time for starting plants. The plants can be started in greenhouses, hotbeds, window boxes, boxes in the living room most any sunny spot where the temperature is never below 60 degrees. Cover the seed lightly and when the plants have reached a height of 2 inches, transplant to other hotbeds or boxes, so that the plants are 4 or 5 inches apart each way. May 25th until June 21st is a good period for the transplanting to the open ground. Set the plants deeply 4 feet apart, mixing a good shovelful of well-rotted manure with the hilling soil of each plant; water freely at this time and protect for a few days from the sun during the mid-day. A clearer-coloured, better flavoured and larger fruit will be obtained by training the plants to a trellis, and when trained to a single stem plants may be put as near as 15 inches between each plant. Tomatoes are rapidly growing in favour as a greenhouse vegetable, the forcing varieties show wonderful productions. The plants should be started late in August for a mid-winter crop. We recommend training the plants to a single stem. 1 oz. of seed will produce 2,000 to 3,000 plants.

1112 CARTERS DUKE OF YORK TOMATO

1112 Carters Duke of York.—This grand variety still holds a very high position in public favour. Colour rich scarlet, splendid cropper, almost globular in shape; flesh very firm, fine flavour. A leading feature of this superb variety is that it ripens its fruit with the most pronounced uniformity, whilst the profusion of clusters, averaging six to ten evenly-formed fruit each, makes it conspicuously handsome.

1136 John Baer.—An extra early scarlet variety, bearing large fruits on hardy, vigorous vines. Not so susceptible to blight as some varieties.

1127 Comet.—This is a very popular sort for growing indoors or out, with a medium-sized fruit, almost round, and of a rich scarlet colour. One of the best forcing Tomatoes.

	Pkt.	$\frac{1}{4}$ oz.	1 oz.
Price per.....	10c.	25c.	75c.

1122 Carters Red Plum.—Plum shaped, of prolific habit and good flavour.

1134 Earliana.—A very early, large, bright red Tomato which runs very uniform in size and shape. It is very hardy and can be set out early.

1135 Chalk's Early Jewel.—One of the best early Tomatoes, of medium size and very productive. The colour is a bright red and it is almost seedless.

1139 Ponderosa.—Without a doubt this is the largest Tomato grown. The fruits are solid and of a bright crimson colour.

1113 Carters Outdoor Improved.—This variety fruits readily in any situation where the full influence of the sun is felt. Has good form and shape, although not so round as DUKE OF YORK or SUNRISE.

1141 Livingston's Stone.—Always in demand; almost round, very solid and tasty and of good-keeping qualities.

1137 Bonny Best.—A large smooth variety, heavy cropper, colour bright scarlet.

	Pkt.	$\frac{1}{2}$ oz.	1 oz.
Price per.....	10c.	25c.	45c.

1111 CARTERS SUNRISE

1111 Carters Sunrise—

The Chief Points are:

ITS EARLINESS—It ripens several days earlier than most varieties.

ITS CROPPING PROPERTIES.—See photograph.

ITS HEALTHY AND ROBUST CONSTITUTION.—No trace of disease.

ITS SOLID BUT DELICATE FLESH.—Contains very few seeds and practically no eye.

ITS EVENNESS OF SIZE as a dessert fruit.

ITS BRIGHT SCARLET COLOUR and rich acid flavour.

ITS EQUAL VALUE FOR INDOOR OR OUTDOOR CULTIVATION.

	Pkt.	$\frac{1}{2}$ oz.	$\frac{1}{4}$ oz.	1 oz.
Price per.....	25c.	45c.	75c.	\$2.25

1147 CARTERS GOLDEN SUNRISE
(Included in Carters Gold Medal Exhibits, 1921)

1147 Carters Golden Sunrise.—Although there seems to be a general prejudice against yellow Tomatoes, we believe this kind has a great future before it. A golden prototype of our famous SUNRISE, it is a heavy cropper of handsome medium-sized fruits. The flavour is remarkably good, being slightly more acid than red varieties.

1114 The Tresco Tomato.—This variety has attracted so much attention at shows and in the horticultural press, we have pleasure in being able to supply a well-selected stock.

Price per Pkt.....25c., 45c. and 75c.

1115 CARTERS PERFECTION TOMATO

1115 Carters Perfection.—Quite distinct from any other variety named PERFECTION. It is very handsome in form, distinct in colour, exceedingly prolific and of exquisite flavour.

	Pkt.	¼ oz.	1 oz.
Price per.....	10c.	25c.	75c.

TURNIP

THE CULTIVATION OF TURNIP.—Sow CARTERS LITTLE MARVEL or CARTERS JERSEY LILY for early use the first week in March on a gentle hotbed under glass, and later in a warm situation in the open ground. For main succession crops sow every three weeks in the open ground until the beginning of July. 1 oz. will sow 150 feet of drill; 2 lbs. will sow an acre in drills.

1157 CARTERS LITTLE MARVEL TURNIP

1157 Carters Little Marvel.—A NEW EARLY WHITE TURNIP. A cross between EARLY WHITE MILAN and JERSEY LILY. This is a highly-selected stock, the tendency to flatness in some of the roots having been entirely eradicated; the tops are small and compact. It is undoubtedly the quickest white globe-shaped Turnip in cultivation.

1168 CARTERS WHITE MILAN TURNIP

1168 Carters White Milan.—This is an exceptionally fine selected stock, strongly recommended for early garden work. It is as quick as a Radish, clean in growth and of very fine flavour. This fine Turnip was included in our Gold Medal Collections at Bristol and Chelsea shows.

1166 Carters Jersey Lily.—The most perfect in outline and the best white garden Turnip grown. In shape as round as an orange, of exquisite flavour, with single tap root and very distinct small top.

1169 Carters Golden Rose.—One of the hardest and best winter Turnips. Flesh of a rich golden-yellow colour, with single tap-root; flavour most delicate and melting.

1170 Carters Crimson-top Table Swede.—A choice stock of Swede Turnip with delicate orange flesh and specially adapted for growing as a winter table vegetable.

	Pkt.	1 oz.	¼ lb.	½ lb.
Price per.....	10c.	20c.	60c.	\$1.00

Carters Farm Seeds

RAPE

2 to 4 lbs. pre acre drilled; 5 to 6 lbs. broadcast

1619 Broad-leaved Essex Rape.—A highly selected stock of this popular variety.

Price per lb.....25c.

FIELD BEETS OR MANGEL

WURZEL

Sow 8 lbs. per Acre

1624 Carters Windsor.—The best and heaviest cropping Yellow Globe Mangel in cultivation. We continue to maintain the high standard of our WINDSOR MANGEL by rigorous selection under the well-known "Carter" Method of Root analysis. All roots intended to be grown on for seed production are specially cultivated on our farms, and tested for density percentage of sugar and food solids.

	¼ lb.	1 lb.
Price per.....	30c.	\$1.00

1628 Carters Improved Mammoth Long Red (Re-selected Stock).—A good heavy cropping Mangel for light soils. Stands drought well.

	¼ lb.	1 lb.
Price per.....	25c.	90c.

(Mailing charges extra)

CARTERS IMPROVED WHITE SUGAR BEET

Drill 16 to 20 lbs. of seed per acre in rows 15 in. apart

1630 Carters Improved White Sugar Beet.—Selected under the "Carter" Method, the "mother roots" giving a guaranteed analysis of 20 per cent. and upwards of sugar.

	¼ lb.	1 lb.
Price per.....	40c.	\$1.25

(Mailing charges extra)

SWEDE TURNIPS OR RUTA BAGA

Sow 4 lbs. per Acre

1638 Carters Holborn Invicta Swede.—Purplish-bronze variety CARTERS HOLBORN INVICTA SWEDE has become the most popular Swede in cultivation. This extensive popularity and public favour are sure proofs of its outstanding merits, and it is steadily taking the place of older and inferior sorts.

1637 Carters Prize-winner Purple-top Swede.—Growing to a large size with a single tap-root and a very small and fine top. The leaf-stems break almost immediately above the crown of the bulb, which continues to grow and increase in weight long after the "necky" Swedes have mildewed and ceased to improve.

1636 Carters Holborn Elephant Swede.—A heavy cropping purple-top, tankard-shaped Swede of the highest feeding value. The root grows well out of the ground; is always sound and solid and the variety adapts itself to almost any soil.

	1 oz.	¼ lb.	1 lb.
Price per.....	15c.	30c.	95c.

(Mailing charges extra)

CARTERS CATTLE CABBAGE

Drill 5 to 6 lbs. per acre. For transplanting, sow 2 lbs. per acre.

1601 Carters Monster Drumhead.—A large Cabbage of the Drum-head type, producing an enormous bulk of solid food.

1602 Carters Improved Early Oxheart.—A pointed Cabbage growing to a good size with remarkably firm and solid heart. Drilled or planted about 1 ft. 8 in. apart in the row, and 2 ft. apart from row to row, an extraordinary crop can be produced in a few months.

	1 oz.	¼ lb.
Price per.....	25c.	65c.

CARTERS CATTLE CARROT

Is without the beard, and can be sown with an ordinary drill. Sow 8 lbs. per acre.

1606 Carters Orange Giant.—Recognized as the best form of Orange or Yellow Cattle Carrot. Roots grow to an enormous size; are of excellent quality, clean shape and possess very high feeding properties.

1607 Carters Improved Red Intermediate.—A fine variety for shallow soils.

1608 Carters Improved White Belgian.—A splendid white Carrot, specially suitable for feeding horses.

	1 oz.	¼ lb.
Price per.....	15c.	45c.

KALE

Drill 6 lbs. per Acre

1612 Carters Ennobled Thousand-headed Kale.—A useful and profitable feeding crop for cattle and sheep. Recommended by every Department of Agriculture. Our stock is highly selected and produces an enormous crop.

	1 oz.	¼ lb.
Price per.....	15c.	45c.

Carters Flower Seeds

AGERATUM

HINTS ON CULTURE.—Half-hardy annual, neat habit, with effective flowers, mostly lavender blue; very useful in beds or along borders. Sow early in spring in pans, in heat, and prick off when the seedlings are sufficiently advanced in growth. Can also be sown in the open in May.

3000 IMPERIAL DWARF BLUE

3000 Imperial Dwarf Blue.—The finest bedding variety in cultivation. Ht. 9 in.

3001. Blue Star.—The most compact Ageratum yet introduced. Ht. 6 in.

3002 Little Dorrit.—Lavender. Ht. 6 in.

3004 Imperial Dwarf White.—Ht. 9 in.

Price per Pkt. 10c. and 25c.

ALYSSUM

For spring or summer. Good pot or rockery plants. Easily grown.

3030 CARTERS SNOW CARPET

3030 Carters Snow Carpet (Annual).—One of the most valuable dwarf bedding plants of modern introduction. Perfectly hardy. If transplanted a foot apart the plants spread out their side branches along the ground until they meet, becoming covered with pure white flowers, giving the effect of a snow carpet. Flowers through the summer and autumn until cut off by frosts. Ht. 4 in.

Price per Pkt. 10c. and 25c., oz. 75c.

034 Carters Lilac (Annual).—This very dwarf compact form is valuable for edging and carpeting, beds or borders. Ht. 4 in.

3031 Maritimum Sweet Alyssum (Annual).—white. Ht. 9 in.

3032 Saxatile sulphureum (Perennial).—New Shade. Ht. 9 in.

3033 Saxatile compactum.—Hardy perennial for rockwork. Bright yellow. Ht. 6 in.

Price per Pkt. 10c. and 25c.

ANTIRRHINUM OR SNAPDRAGON

HINTS ON CULTURE.—Sow the seed in pans or boxes from February to March, and transplant to bed or border when large enough. If the withering flowers and seed pods are kept picked off, the plants will last in bloom for a long time, and continue again the following year. Can easily be grown as annuals if sown in the open ground in April. Thin out about 1 ft. apart.

CARTERS TALL LARGE-FLOWERED

This fine hardy perennial, which should be treated as an annual for bedding, has been greatly improved in size and colourings. Ht. 2 to 3 ft.

3039 Fire King.—Bright cinnabar red with yellow spot on the under lip; effective.

3052 Carters Tall Large-flowered Mixed.—Ht. 2 to 3 ft.

Price per Pkt. 10c. and 25c.

CARTERS INTERMEDIATE LARGE-FLOWERED

This is undoubtedly the finest form, both for bedding and ribbon borders, the dense well-formed trusses contrasting beautifully with the deep green foliage. The trusses are excellent for cutting, and being slightly curved lend themselves to any decorative arrangement. Ht. 1 to 1½ ft.

3058 NELROSE ANTIRRHINUM

3039 FIRE KING

3058 Nelrose.—This is the wonderful glowing pink variety.

Splendid for indoor decoration; equally effective for beds or borders.

3060 Carters Golden Crest.—Soft rose-pink, tinged salmon, with golden orange lip.

3061 Carters Scarlet Flame.—A self brilliant fiery scarlet, hence the name we have given it. In the sunshine the spikes look flame-like in their brilliancy.

3062 Carters Terra Cotta and Creamy Shades.—A charming strain of soft, delicate shades which are quite new in this section.

3063 Carters Fiery Belt.—A most striking colour, fiery brilliant orange-scarlet, with white throat.

3064 Carters Pink.—Quite a charming variety. Delicate pink with white throat.

3065 Black Prince.—Velvety crimson blooms borne on graceful tapering spikes; dark purplish foliage. A most decorative variety, rather taller than other intermediate kinds.

3068 Carters Crimson.—A very select pure strain of deep crimson colour, one of the richest shades, and very telling combination with our white and yellow varieties.

3069 Carters White.—Pure white flowers from which the sulphur lip prevalent in most so-called whites has been practically eliminated. Very even habit.

3070 Carters Yellow.—Clear pure golden blooms. Very even habit.

3074 Carters Intermediate Mixed.—One of the most popular selections for beds or borders. A very wide range of colour occurs in this strain. The plants, which are of even habit, are sufficiently tall to produce a graceful effect, and their rather compact habit obviates the necessity of staking.

CARTERS DWARF ANTIRRHINUM.

A compact large-flowered strain. Ht. 6 in.

3080 Carters Crimson.—Clear, rich shade, very free flowered.

3081 Carters Old Rose.—A particularly charming shade of old rose.

3090 Carters Dwarf Choicest Mixed.

Price per Pkt. 10c. and 25c.

AQUILEGIA

CARTERS LONG-SPURRED

HINTS ON CULTURE.—Hardy perennials of great beauty and utility in borders, where they will bloom freely when established, early in the summer. The long-spurred type of which we make a specialty, gives elegant cut flowers. We have now included some new and effective colours. Sow seeds under cover in February for transplanting in spring to a border, when, if the summer is favourable, they may bloom in autumn. If sown in summer sturdy plants will be ready for transplanting to the border to flower next May and June.

3100 Carters Long-spurred, Rose and Pink Shades.—A very pretty strain of robust habit, containing a wide range of charming shades, from deep rose, through rosy carmine to pale pink and flesh. Ht. 2 ft.

3101 Carters Long-spurred, Blue Hybrids.—This is a very fine strong-growing form of *AQUILEGIA COERULEA*. The blooms are much larger than the type, and the plants extremely floriferous. Ht. 1 ft.

3102 Carters Long-spurred Golden.—Pure golden shade; a very charming form. Ht. 2 ft.

3103 Carters Long-spurred, Double Golden.—A double form of the above species. This seedling strain is more robust than the original form, and comes about 50 per cent. double.

3104 Carters Long-spurred, White.—Similar in habit to the above varieties. Flowers pure white, with pale blue. A very chaste form. Ht. 2 ft.

3105 Californica hybrida.—Long-spurred hybrids. Yellow corolla with golden spurs. Ht. 2½ ft.

3107 Carters Long-spurred all Colours Mixed.—This strain represents the last word in Aquilegias, and contains numerous fine forms which cannot be fixed in their separate colours. We have placed great importance upon robustness of habit in selecting this unique strain. Ht. 2½ ft.

Price per Pkt. 10c. and 25c.

ARCTOTIS.—Half-hardy. An annual from South-west Africa. Most useful for cutting, having long stalks.

3120 Grandis.—Daisy-like flowers, pure white, lilac on the outside with a lavender disc. Of very easy culture, flowering all the summer. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

ASPARAGUS PLUMOSUS.—Easily raised from seed sown in early spring in heat. Valuable for cutting for bouquets and table decoration. Also makes a nice plant for covering a pillar in the conservatory, or for training over a balloon-shaped frame.

3126 Plumosus nanus.

3127 Sprengeri.—A grand basket plant.

Price per Pkt. 10c. and 25c.

AUBRIETIA.—Great favourites for spring bedders, rockeries, etc. Perennial, quite hardy. Bright perpetual bloomers. Easily raised from seed sown in spring. Ht. 4 in.

3130 Whitewell Gem.—Originally found in an old Shropshire garden twenty years ago. Continual selection has improved and fixed the strain. The individual flowers are large and of an intense glowing, reddish purple, freely produced on long stems. The plants are remarkably vigorous and remain in flower for many weeks. This latter characteristic is one of its most valuable assets.

3131 Deltoidea.—Blue.

3133 Graeca.—Pale mauve.

Price per Pkt. 10c. and 25c.

ABUTILON (INDIAN MALLOW).—Elegant form. Useful for conservatory decoration and for sub-tropical bedding. Sow in heat early in spring, and pot off as soon as large enough to handle. For bedding out they should be hardened off well before planting out. Ht. 6 ft.

3141 Carters Choicest Mixed.

Price per Pkt. 25c.

ACONITUM.—Perennial; hardy.

3155 Napellus.—Bright blue. Good for borders. Price per Pkt. 10c. and 25c.

AMARANTHUS.—Half-hardy annuals with very ornamental foliage. Sow in March in gentle heat.

3170 Tricolor.—Sub-tropical. Colours scarlet, crimson, and gold. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

ANCHUSA (BUGLOSS).—Hardy perennial of easy culture. Sow in spring and transplant.

3183 Italica.—Brilliant blue. Ht. 3 ft.

3184 Dropmore Variety.—A very fine variety the heads of beautiful flowers of a lovely gentian-blue shade. Excellent for cutting. Ht. 4 ft.

Price per Pkt. 10c. and 25c.

ARABIS.—Hardy perennial for spring bedding.

3196 Albida.—White; neat. Ht. 6 in.

3197 Alpina.—Paper white. Ht. 6 in.

Price per Pkt. 10c. and 25c.

ARISTOLOCHIA (THE DUTCHMAN'S PIPE).—Climbing plants with curious pipe-shaped flowers. Sow in heat in March, and pot off.

3204 Elegans.—Perennial; handsomely spotted. Pretty for conservatory.

Price per Pkt. 10c. and 25c.

AURICULA.—Hardy perennial. Sow seeds in August or February, and pot off. This is one of the best and most interesting of the florists' flowers for amateurs' cultivation. It thrives well near large towns. The smallest seedlings frequently produce the choicest blooms.

3128 Alpine.

Price per Pkt. 10c. and 25c.

ASTER

HINTS ON CULTURE.—The whole group may be described as half-hardy annuals, the seeds being best sown under glass in early spring and the seedlings pricked out into boxes or in frames for planting out or potting as the occasion requires, when they are ready about June

3231 CARTERS RAY ASTER
(Reduced Photograph)

CARTERS RAY

Quite a unique type of the annual Aster. The flowers, which are very large, often 5 in. across, are produced on long stalks, and have prettily arranged quilled petals. Fine for cutting as they last a week in water if cut before fully expanded. Ht. 1½ ft.

3225 Carters Crimson

3226 Carters Dark Blue

3227 Carters Carmine Rose

3228 Carters Pale Mauve

3229 Carters Azure Blue

3230 Carters Pure White

3231 Carters Mixed Ray

Price per Pkt. 10c and 25c.

3269 CARTERS LARGE-FLOWERED ASTER

CARTERS LARGE-FLOWERED

A very fine strain of tall open habit. The large well-formed blooms are carried on very long stiff stems and are splendid for decoration.

3250 Carters Blue

3252 Carters Rose

3251 Carters Crimson

3253 Carters White

3269 Carters Mixed Colours.—Principally bright cerise, medium blue, pale blue, shell pink, delicate rose, and pure white. (See Photograph).

Price per Pkt. 10c. and 25c.

CARTERS VICTORIA

A beautiful type. The blooms are large, profuse, and handsome, whether grown in beds or pots. It has a good habit, and makes a grand end of summer bedding plant. Height 1½ ft.

3234 Carters Dark Blue

3240 Carters White

3235 Carters Light Blue

3241 Carters Crimson

3237 Carters Rose

3242 Carters Splendid Mixture

3239 Carters Sulphur Yellow

Price per Pkt. 10c. and 25c.

CARTERS PLUME

We particularly recommend these varieties for cutting. The blooms, equalling Chrysanthemums in form, are borne on long stems, and the three shades blend well together. The most noble flowered Aster in cultivation. With flowing feathery petals; grand for cutting. We have measured blooms 6 in. across. Height about 1½ ft.

3261 Carters White

3263 Carters Rose

3262 Carters Dark Blue

3267 Carters Choice Mixed

Price per Pkt. 10c. and 25c.

CARTERS PÆONY FLOWERED

A very fine type for bedding, with large well-shaped blooms, the petals curving inwards. Very hardy. Ht. 1½ ft.

3280 Carters Choice Mixture

Price per Pkt. 10c. and 25c.

3285

NOVELTY

Carters Comet Carmine Queen.—

A novel introduction of great beauty.

The plants are of graceful habit, and the well-formed blooms are carried well above the foliage. The flowers, which open pure yellow, shade as the blooms develop to a soft terra-cotta carmine. A particularly beautiful combination by artificial light.

Price per Pkt. 10c. and 25c.

ASTER—Continued.

3258 CARTERS LARGE SINGLE COMET ASTER

(Photo half natural size)

CARTERS LARGE SINGLE COMET

An improved type of the original single variety. There is quite a rage for these as cut flowers, for which purpose they are eminently adapted. In a bed, too, they make quite an effective display until autumn is well in. Ht. about 1 ft.

3258 Carters Choicest.—All colours mixed.

Price per Pkt. 10c. and 25c.

IMPROVED COMET

A very attractive class, with flowing petals, for pot work or planting out. Fine for cutting. A great improvement on the original Comet. Ht. about 2 ft.

3302 Azure Blue

3308 White

3305 Crimson

3311 Carters Choice Mixed

3306 Pink

all colours.

Price per Pkt. 10c. and 25c.

CARTERS SINENSIS SINGLE

A free-growing single Aster, suitable for vases and house decoration. Ht. 1½ ft.

3326 Blue

3328 Pink

3327 Mauve

3329 White

3330 Carters Choice Mixture

Price per Pkt. 10c. and 25c.

3339 Queen of the Market Double—A very early class. Carters choice mixed, all colours. Height about 1¼ ft.

Price per Pkt. 10c. and 25c.

ASTER—Continued.**CHRYSANTHEMUM-FLOWERED**

A dwarf variety of great beauty, the Aster most used for bedding. The petals are reflexed. Effective as a pot plant. Valuable for obtaining light decorative effects. Ht. 1 ft.

3314 Blue

3317 White

3315 Fiery Scarlet

3319 Rose

3316 Crimson

3321 Carters Choice Mixture

Price per Pkt. 10c. and 25c.

3370 BEGONIA, CHOICE DOUBLE

3403 BARTONIA AUREA

BEGONIAS**CARTERS TUBEROUS-ROOTED**

HINTS ON CULTURE.—Begonias are much superior to Geraniums for bedding, being quite unaffected by heavy rains. For growing in pots this strain is superb, producing a very high percentage of really first quality perfectly double flowers, equalling the best-named varieties, but having more vigorous constitutions.

The seed should be sown in heat at end of winter to produce strong flowering plants in the summer, in pans of very fine soil. Prick off the seedlings into pans and pot off later. Care should be used when sowing, as the seed is very fine. We can also supply tubers ready to start into growth in early spring.

These Begonias are invaluable for growing in beds and groups; also for pot culture. They come into bloom very early, and last all the season.

3370 Carters Choicest Double—This fine strain contains all the largest and best forms and most brilliant colours in cultivation.

3371 Carters Fringed Double.—A production of great novelty and beauty. Each petal is crimped or waved, which gives a very graceful appearance to the large double flowers.

3373 Carters Crown Jewels Mixed Single, including Fringed Varieties.—It is impossible to praise too much this superb strain of this highly-favoured flower. The blooms are borne on long, stout stems, which raise them well above the foliage. For sizes and quality of the flowers, combined with brilliance in colour this mixture is unequalled. Grand for bedding out.

Price per Pkt. 25c. and 50c.

(Begonia Bulbs are offered on Page 46.)

CARTERS FIBROUS-ROOTED

PERPETUAL FLOWERING. SMALL BLOOMS IN CLUSTERS.

3381 Vernon Tom Thumb.—A charming free-flowering variety. Blood scarlet flowers and bronze foliage.

3377 Fairy Queen.—Pink bedding dwarf compact variety, with green foliage. Excellent also for pots.

Price per Pkt. 25c. and 50c.

BALSAM

HINTS ON CULTURE.—Balsams may be sown from the beginning to the middle of April in pans or on a slight hotbed, in a light, rich loam compost, covering the seed about half an inch, keeping the soil moist, but not wet. When the plants have formed the second pair of leaves they may be transplanted four round the edge of a 6-in. lot and gradually hardened off for transplanting, out of doors; or they may be planted in a cold pit, 4 in. apart, as near the glass as possible, giving more air as the season advances until June, when they may be turned into the open borders, the warmest situations being the most suitable and allowing 2 ft. each way between the plants. If for pot culture they must be divided and transplanted into single pots, once or twice into larger pots, picking off the flowers in the earlier stages of growth to give greater vigour.

3390 Carters Challenger, Superb Mixture.—A highly select strain, the individual blooms being perfect in form and of splendid substance. The shades range from pure white through flesh, clear, and deep pinks to scarlet. Many lovely new mauve and purple shades are also contained in this unique strain. Matchless in form, substance, size and colours.

3391 Carters Rose Queen.—This beautiful variety produces enormous spikes of large double flowers of a delicate rose colour; excellent habit; very striking.

Price per Pkt. 10c. and 25c.

BARTONIA.—Hardy annual. Showy and very easily grown. Sow in open border in spring.

3403 Aurea.—Rich golden colour.

Price per Pkt. 10c. and 25c.

BEE LARKSPUR (DELPHINIUM STATUM).—A striking perennial. Of easy culture for large flower borders and wild gardens.

3406 Bright Blue.—Ht. 3 ft.

Price per Pkt. 10c. and 25c.

CALCEOLARIA

3450 Carters Victoria Prize, Mixed, all Colours.—In addition to the usual range of colours found in this plant, our choice strain produces many distinct seedlings of unique colour, the rose, pink, and cupreous shades being particularly pleasing.

3452 Golden Princess.—Exquisite yellow. Of the same perfect habit as our VICTORIA PRIZE strain. The soft pure golden flowers are very valuable for conservatory decoration during that period of the year when this colour is scarce.

Price per Pkt. 25c. and 50c.

CALCEOLARIA—Continued.

CARTERS MINIATURE CALCEOLARIA.—A curious flowered type, quite unique in growth and character. Makes a fine dwarf plant for stage fronts in conservatory among other growths of similar habit.

3460 The Pigmy.—A dainty plant, with beautifully variegated blossoms. Height 5 inches.

3461 Tom Thumb.—Brilliant as the VICTORIA PRIZE varieties, but of dwarf habit.

Price per Pkt. 25c. and 50c.

CARTERS SUPERB CANTERBURY BELL

3467 CUP AND SAUCER VARIETY

3472 CARTERS SINGLE ROSE

HINTS ON CULTURE.—Hardy biennials. Sow in summer, transplant to a bed in autumn for flowering the following year. They also make effective pot plants for spring flowering, sown in summer and potted in autumn, and kept in a cool frame through winter. No matter how carefully the double-flowering types are saved, some are certain to become single. The seed bearing spikes should be cut out when the beauty is over, and more may come.

CUP AND SAUCER VARIETIES

(CALYCANTHEMA)

3465 Carters Blue

3467 Carters White

3466 Carters Rose

3469 Carters Choice Mixed
Ht. 2 ft.

SINGLE VARIETIES

3471 Carters Single Blue

3473 Carters Single White

3472 Carters Single Rose—Delicate

DOUBLE VARIETIES

Seed chosen from the very best double flowers, but unfortunately a few singles cannot be avoided.

3478 Carters Double Blue

3480 Carters Double Rose

3479 Carters Double Lilac

3481 Carters Double White

3475 Carters Superb Mixed.—All shades of colour; a fine assortment of BOTH SINGLES AND DOUBLES. Good habit.

Price per Pkt. 10c. and 25c.

CALLIOPSIS

(COREOPSIS)

HINTS ON CULTURE.—Hardy annuals and perennials. ALL ARE UNIVERSAL FAVOURITES AND USEFUL FOR CUT FLOWERS. The annual varieties should be sown outdoors in early spring in the place they are intended to flower, or, for earliest work, may be sown under glass and then pricked out.

ANNUAL VARIETIES

Large flowered, tall, branching habit; very useful for back of borders and cut flowers. Ht. $2\frac{1}{2}$ to 3 ft.

3502 Tall Crimson **3503 Tall Crimson and Gold**

3505 Carters Choice Mixed Tall Annual Varieties.—Dwarf, compact habit, useful for cut flowers. Ht. $1\frac{1}{4}$ ft to $1\frac{1}{2}$ ft.

3508 Dwarf Crimson **3509 Dwarf Crimson and Gold**

3511 Carters Choice Mixed Dwarf Annual Varieties.—Miniature, the shortest growing type; fine for edges. Ht. 9 in. to $1\frac{1}{4}$ ft.

Price per Pkt. 10c. and 25c.

PERENNIAL CALLIOPSIS

3520 Grandiflora.—Grandest of all; large golden yellow; a hardy perennial. A lovely border plant both for effect and cutting. Much appreciated for house decoration when cut. Ht. 3 ft. (Photograph above.)

3523 Coronata (Perennial).—Yellow, dark spot. Ht. 2 ft.

3524 Lanceolata (Perennial).—Large yellow flowers. Ht. $2\frac{1}{2}$ ft.

Price per Pkt. 10c. and 25c.

CAMPANULA

HINTS ON CULTURE.—The usual way for flowering the following spring is to sow the seeds in summer in a partially shaded spot in nice soil and keep them growing until strong enough to transplant or pot.

CAMPANULA—Continued.

3530 PERSICIFOLIA ALBA (GIANT WHITE)

3530 Persicifolia alba (Giant White).—This is the finest form of this most effective hardy border perennial. The graceful spikes render it invaluable for house decoration either when cut or as pot plants. June flowering. Ht. 3 ft.

3532 Carpatica (Perennial).—Large blossoms; excellent pot plant; blue. Ht. 6 in.

3533 Carpatica alba (Perennial).—White variety.

3534 Grandiflora (Perennial), (Platycodon Grandiflorum).—Purple violet. Ht. $1\frac{1}{2}$ ft.

3535 Grandiflora alba (Perennial).—White, $1\frac{1}{2}$ ft.

3536 Pyramidalis (Perennial).—Blue; charming pot plant. Ht 4 ft.

3537 Pyramidalis alba (Perennial).—White variety.

3538 Rotundifolia (HAREBELL) (Perennial).—Deep blue; the true wild species. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

CALENDULA (GARDEN MARIGOLD) (Annual).—Very showy border plant, lasting the whole of the summer without any attention whatever beyond keeping the seed vessels picked off. Not at all particular to either soil or surroundings, and may be described as everybody's flower. Sow in spring where plants are intended to flower.

3544 Cockade Orange.—Very large double flowers; showy colour Ht. 1 foot.

3545 Meteor.—Lemon yellow, orange stripes. Ht $1\frac{1}{2}$ ft.

3547 Officialis.—The single yellow cottage garden Marigold. Ht. 1 ft.

3548 Pluvialis.—Pure white. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

CANARY CREEPER (*TROPAEOLUM PEREGRINUM*).—Favourite climber for trellises, arbours, stumps of trees, etc.; very graceful, bright canary colour. Sow in pots in February and bring on under glass or sow in the open in spring. Ht. 10 ft.

3552 Canary Creeper.—Half-hardy climbing annual.

Price per Pkt. 10c. and 25c.

CLEMATIS (*VIRGIN'S BOWER*).—Well-known climbing perennials. Sow seed in early spring under glass, pot off, and plant outdoors in early summer.

3560 Jackmanni Varieties.—Saved from the best colours.

Price per Pkt. 25c. and 50c.

CASTOR OIL PLANT (*RICINUS*).—Stately plants with large palmate foliage for conservatory or sub-tropical garden and general decoration. Mostly grown as annuals. Sow in spring in heat, and plant out in summer.

3567 Gibsoni.—Popular dark bronze-leaved variety. Ht. 3 ft.

3570 Sanguineus.—Hardest variety; dark stems, red foliage. Ht. 6 ft.

3571 Carters Choicest Mixed Varieties.

Price per Pkt. 10c. and 25c.

CANNA (*INDIAN SHOT*).—Ornamental foliaged plants with showy flowers, for stove, greenhouse, or sub-tropical planting. Steep seed 24 hours in tepid water, and sow in strong heat. Pot off seedlings as soon as they can be handled.

3574 Crozy.—Choicest dwarf varieties; magnificent. Both foliage and bloom show a wide range of colour.

Price per Pkt. 10c. and 25c.

CHELONE.—Sow in spring and transplant. Useful variety of great decorative value.

3587 Barbata coccinea.—Bright scarlet perennial. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

CATANANCHE COERULEA.

3591 Hardy Perennial.—Useful as cut flower; bright blue. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

CERASTIUM.—Silver-leaved ornamental hardy perennial useful as an edging or on rockeries. Seed may be sown in spring or summer.

3603 Biebersteini.—White perennial edging plant. Ht. 6 in.

3604 Tomentosum.—Neatest and most effective. Ht. 6 in.

Price per Pkt. 10c. and 25c.

COBAEA.—Handsome half-hardy climber for greenhouse or in warm situation out of doors. Easily grown from seed; sow early in heat, and pot off.

3620 Scandens.—Purple bell-shaped flowers.

3621 Scandens alba.—White.

Price per Pkt. 10c. and 25c.

CELOSIA PLUMOSA

Annual. A grand feature in summer bedding; graceful plumes Sow in spring in heat, prick off into pans, and pot off. They like a good rich soil in a sunny spot. Ht. 2 ft.

3652 Carters Rainbow.—A magnificent strain. Plants of perfect habit, carrying enormous plumes from pale rose to deepest crimson and deep primrose to old gold.

3655 Carters Dwarf Crimson.

Price per Pkt. 10c. and 25c.

3652 CARTERS RAINBOW CELOSIA

3663 HYACINTH-FLOWERED CANDYTUFT.

CENTAUREA

GIANT ANNUAL SWEET SULTANS

HINTS ON CULTURE.—The flowers of this greatly improved annual are at least twice the size of the older varieties, and a number of distinct new shades are now available. Its most deliciously scented long-stemmed flowers will last in water for a fortnight. In this respect alone it exceeds any other annual we can call to mind. We give this flower the highest possible recommendation. May be sown in pots and pricked out for early flowering, or in open borders in spring for general work. Ht. 1½ ft.

3627 White

3628 Purple

3629 Mauve

3630 Mauve with White Centre

3631 Yellow

3633 Mixed. A grand mixture of all shades.

Price per Pkt. 10c. and 25c.

CENTAUREA AMERICANA

3635 Americana.—Purple, thistle-like flowers. Sow in open ground during spring. Although this charming lavender Centaurea has been offered by us for many years, it has never attained the popularity which its beauty deserves. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

CANDYTUFT

HINTS ON CULTURE.—These hardy flowers are now a necessity, requiring the most simple cultivation, and will flourish in almost any soil. The range of colour has now been considerably extended, the lilac, rose, cardinal, and carmine being particularly charming. Sow in spring in ordinary soil. For pot work, sow in pots in frame, and thin out the seedlings, or they may be transplanted. Average Ht. 1 ft.

3658 Carters Empress Compact.—Large spikes of the purest white and of erect habit; dwarf and compact, very profuse in bloom; exceedingly showy and effective.

3659 Rose Cardinal.—A beautiful shade of rosy scarlet.

3660 Carters Carmine.—Bright rose, excellent form.

3663 Carters Hyacinth-flowered.—The tallest and finest white variety, each plant having five or six heads of bloom. Its fine pyramidal spikes of the purest whiteness make it a very attractive decoration in either beds or borders. Sow in spring, and transplant 9 in. apart keeping faded heads cut away. A very fine subject for pot work, especially when autumn sown. Ht. 1 ft.

3666 Carters Lilac.

3669 Carters Choice Mixed.—For open borders.

Price per Pkt. 10c. and 25c.

PERENNIAL CANDYTUFT

FOR BORDERS OR ROCKWORK

3672 Iberis Gibraltarica.—Suffused lilac, lovely species.

3673 Iberis sempervirens.—The flowers form a carpet of pure white in early spring.

Price per Pkt. 10c. and 25c.

CARNATION AND PICOTEE

HINTS ON CULTURE.—A popular and lovely flower, always in fashion. In colour and form unique, with a pleasing fragrance in many types. Whether grown in pots for conservatory decoration or in the garden beds for summer display, its charms are equally attractive. Our seed is saved with the greatest care, and should produce a large percentage of the very best flowers, but unfortunately, as with other florists' flowers, it cannot be guaranteed that every one will come double. Care should be taken to preserve the smaller seedlings, as these frequently produce the finest quality blooms. Sow in spring in cold frame, prick out, and plant out in good soil when strong enough, for flowering the following season.

3677. CARTERS CHOICE DOUBLE CARNATION

3677 Carters Choice Double Carnation.—A splendid mixture of selfs, flakes, bizarres, fancies, and yellow grounds. All varieties mixed.

3679 Choicest Perpetual or Tree.—Includes all the best French varieties in cultivation.

Price per Pkt. 50c. and \$1.00

3683 Picotee.—Choicest perpetual mixed.

3684 Grenadin.—A bright scarlet form, similar in habit to MARGARET varieties.

Price per Pkt. 10c. and 25c.

CARTERS ANNUAL CARNATION

BLOOM IN SIX MONTHS FROM SEED

HINTS ON CULTURE.—Carnations are favourites with all lovers of flowers. This strain will bring them within the reach and the cultivation of everybody, as it is one of the most valuable introductions of modern times. Sow under glass in January and February, and transplant as soon as ready. They commence to flower in July producing a wealth of large bloom of great variety of colour until cut off by the frost, thus producing a supply after the perennial varieties are over. Being equally valuable for indoor cultivation, some can be potted and placed in a cool greenhouse, when they provide a succession of bloom during the winter months. They can also be sown in June to flower the following year. They produce a very large percentage of double flowers and include a most varied assortment of fancy, yellow ground, bizarre, as well as selfs, rich with delightful fragrance and diversity of colour.

3692 Carters Annual Carnation, (See Description above).

Price per Pkt. 25c. and 50c.

3693 Margaret, Mixed.—A fine early-flowered strain which may be sown in February under glass for blooming the same season, or in June and July for flowering the following year.

3694 White Margaret.—Pure white blossom, delicately scented, and a splendid subject for cut flowers.

Price per Pkt. 10c. and 25c.

CORNFLOWER (Cyanus Minor)

HINTS ON CULTURE.—Annual. Everything may be said on behalf of these interesting and useful flowers, both as a border plant and also as a cut bloom. Sow in open border in autumn and spring.

3700 Royal Blue.—Double blue, the largest and perhaps the most popular of all.

3701 Carters Double, Mixed.

3702 Single, Mixed.

Price per Pkt. 10c. and 25c.

CINERARIA CARTERS BRILLIANT PRIZE

HINTS ON CULTURE.—Sow seed in pans filled with a good light sandy compost in spring up to the beginning of June, and place in a cool frame. Transfer to small pots as soon as the seedlings have developed their leaves, and pot on as the plants require it. They should be grown in a cold frame until frost necessitates their removal to a greenhouse. Even in winter they should not receive much artificial heat. Will come into bloom from Christmas to May.

3710 Choicest Colours saved from Finest Flowers. All Colours Mixed.—The constant and painstaking attention which we have lavished upon this strain has resulted in the production of a remarkable range of colour. The self colours range from pure white through varied shades of pink, rose, and carmine to deepest crimson, and pale porcelain, wedgwood, ultramarine, royal blue to the deepest purple, whilst the bordered varieties show a remarkable diversity of shades. The habit of the plants is perfect, it being difficult to find a plant showing the slightest divergence from type.

Price per Pkt. 25c. and 50c.

CINERARIAS

CARTERS DECORATIVE

3718 Carters Choicest Mixed Cactus.—An entirely new break. The edges of the florets recurve like a single Cactus Dahlia. The colours include white, blue, blush, violet, mauve, and some have a white zone, surrounding the dark disc, the florets being tipped with violet blue, etc. The flowers when cut last a long time, and by their lightness and elegance make charming table decorations. A grand mixture, including all shades of colour.

3719 Carters Choicest Mixed Stellata.—This free-panicked variety has obtained general approval, especially for decorative arrangements, for which purpose it has proved marvellously effective, being a valuable adjunct to the much-admired CARTERS BRILLIANT PRIZE. It should be raised and treated in the same manner as the other greenhouse varieties.

Price per Pkt. 25c. and 50c.

COCKSCOMB.—Annual. Our strain cannot be surpassed. For earliest work, sow in January or February, and again in spring for general work, using good light sandy loam.

3724 Carters Empress.—Combs of immense size; we have measured these 1¼ ft. across. Rich crimson, dark foliage.

Price per Pkt. 10c. and 25c.

COLEUS.—Grand ornamental foliaged plants, superbly variegated; for stove, greenhouse, or sub-tropical garden in summer. Sow in heat in early spring, and pot off. The variegation does not always show itself plainly until the plants have reached some size

3730 Carters Choicest Mixed.—Saved from the best varieties.

Price per Pkt. 10c. and 25c.

ANNUAL CHRYSANTHEMUMS

HINTS ON CULTURE.—Of all annuals these pretty flowers hold a leading position, and many of them have been raised on our Seed Farms. All are beautiful in beds and borders and good for window boxes or cutting. Sow seed in spring for early flowering, and in the open for general work. Some varieties make useful pot plants; for this purpose they should be sown under glass. Ht. 1½ ft.

3742 Morning Star.—Single. Delicate sulphur-coloured blossoms; very pretty. Equally good as a single plant, grown in masses in beds or borders, or as a cut flower. The best annual variety to use as a pot plant for winter blooming.

3743 Carters Choice Mixed Annual.—We have given unlimited attention to perfecting this strain, which contains a splendid range of colours. Many of the flowers have two or three zones of color which imparts to them a wonderful brilliance. The plants being very robust should be thinned or planted out at least 1 ft. apart.

Price per Pkt. 10c. and 25c.

3743 CARTERS ANNUAL
CHRYSANTHEMUM

3766 SHASTA DAISY
(CHRYSANTHEMUM)

PERENNIAL CHRYSANTHEMUMS

3766 Shasta Daisy.—A new perennial variety from America with large white flowers on long stalks. When sown very early under protection the flowers often appear before summer is over. Ht. 2½ ft.

3767 Maximum King Edward VII.—Single. A splendid large-flowered variety, which we highly recommend; the flowers are pure white, and borne on long stiff stalks well above the foliage. Ht. 2½ ft.

Price per Pkt. 10c. and 25c.

CINERARIA
3718 CARTERS CACTUS

CINERARIA
3719 CARTERS STELLATA

CLARKIA

HINTS ON CULTURE.—This type attains a height of 2½ ft. in the open ground, and bears long graceful sprays of double and semi-double blooms which are splendid for decorative purposes, lasting for several days in water. The seed should be sown in the spring in the open border, or sown during the autumn and grown on in a cool house, this section make magnificent specimens 4 to 6 ft. high for the adornment of the greenhouse or winter garden.

3777 Carters Scarlet Queen.—Double. A wonderful glowing salmon scarlet; very brilliant and clear under electric light.

3778 Brilliant Princess.—Double Clear warm rose. A very telling variety for pots or borders.

3781 Salmon Queen.—Double. Salmon pink. The forerunner of the present-day improved varieties.

3782 White Prince.—Double. Pure white. An excellent companion to any of the above varieties.

Price per Pkt. 10c. and 25c.

CONVOLVULUS

IPOMÆA—MORNING GLORY

Annual. Sow in spring where intended to bloom.

3801 Carters Choicest Major Mixed.—All colours.

3810 Carters Choicest Minor Mixed.—For general borders.

Price per Pkt. 10c. and 25c.

IPOMÆA

HINTS ON CULTURE.—Perennial Greenhouse climbers, embracing some of the loveliest colours imaginable. Sow in early spring in heat and pot off, and train on trellis under glass, or out of doors in summer.

3813 Mauritanicus.—For hanging baskets.

Price per Pkt. 10c. and 25c.

CONVOLVULUS MINOR

3823 COSMEA

COSMEA

3823 Early Flowering Varieties, mixed.—A pretty feathery foliaged annual, useful for cutting, growing sometimes to a height of 4 ft., and very effective right up to the frost. Makes a nice winter flowering pot plant if sown in summer. Including purple, pink, mauve, white and rose. Ht. 3 ft. to 4 ft.

3826 Carters Mixed Colours.—An excellent strain which flowers rather later than our Early Flowering varieties.

Price per Pkt. 10c. and 25c.

COWSLIP.—Perennial. Our mixture contains a great diversity of colours.

3830 English, Mixed.—Much more robust than the common variety. The flower stems, which reach a height of 1 ft., are crowned with an umbel of graceful drooping blooms, in a wide range of yellow, red, crimson and maroon shades.

Price per Pkt. 10c. and 25c.

3850 CYCLAMEN, CARTERS WHITE SWAN

CYCLAMEN

CARTERS PERFECTION

HINTS ON CULTURE.—Sow at any time (spring and autumn to be preferred) in pots or pans, in peaty loam or sand, covering the soil scarcely a quarter of an inch, place on warm shelf near the glass in a greenhouse, keeping the soil moist but well drained. The seed takes from four to eight weeks to germinate. When the bulbs are the size of a pea transplant singly into small pots, transferring to larger pots as the plants develop. An average of 60 degrees is the temperature best suited for producing well-developed flowers, and good ventilation without draught is a safeguard from disease. We also supply dry bulbs at the end of the summer.

3842 Carters Superb Mixture of all Colours.—Our grand large flowered strain in all its best forms and every shade of colour; including our superb salmon. This is a selection of many years patient observation and labour.

3843 St. George.—This is a salmon colour, with a silver-marked leaf, very ornamental as a foliage plant previous to the blossoming period.

3844 Carters Butterfly.—This charming Cyclamen is considered one of the most striking among florists' flowers, and the colours are surprisingly varied and beautiful. It may be observed that the petals of the flowers are broad across the top, and the edges finely curled or waved. The beauty of the variegations in colour is captivating.

3848 Carters Salmon.—Distinct and fresh; a strong and vigorous variety.

3850 Carters White Swan.—The most profuse blooming white Cyclamen in cultivation. A grand thing, throwing its pure white flowers well above the foliage. A year old plant of this in full bloom is a magnificent sight.

3851 Mrs. L. M. Graves.—This is a salmon scarlet, that is to say, a deeper scarlet colour diffused with the salmon.

3852 Mrs. Buckston.—This novelty bears beautifully frilled petals of a real salmon shade of colour, somewhat more delicate than CARTERS SALMON. The flowers are very large and freely produced. This is a valuable addition to the crested petalled Cyclamen and will at once take its place in the front rank.

3856 Duke of Connaught.—Deep cherry colour, handsome and distinct; blossoms of grand substance and form.

3861 The Sultan.—The richest coloured Cyclamen; intense crimson

Price per Pkt. 50c. and \$1.00

3875 DIANTHUS

3958 DELPHINIUM
BLUE BUTTERFLY (ANNUAL)

DIANTHUS CHINENSIS
(or Indian PINK)

Biennial. Sow in spring in boxes or pots, and transplant to where intended to bloom. May be also sown at the end of summer, and grown on in pots through the winter under fairly cool treatment. They will make robust plants at the end of spring, and become useful in the decoration of the conservatory.

3875 Carters Large Flowered Dwarf Single.—A superb mixture of beautiful colours and markings. Ht. about 6 to 8 in.

3896 Carters Choice Double Mixed.—Very large double flowers of all shades. Although annuals, many of the forms found in this mixture equal the named perennial Pinks. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

DAHLIA

HINTS ON CULTURE.—Our strains have been specially hybridised and will produce splendid types. Sow the seed in early spring, in heat, and pot off. Plant out as soon as large enough in June.

3901 Carters Single.—Magnificent flowers of the newest and best colours.

3903 Carters Cactus.—From the best varieties, mixed.

3905 Show Double.—For perfect form cannot be surpassed.

3908 Collarette.—Our special strain of Collarette varieties contains a great variety of distinct shades and colours, the majority being equal in form to named varieties.

Price per Pkt. 10c. and 25c.

DIMORPHOTHECA

HINTS ON CULTURE.—Sow in cold frames in March and transplant to open, or sow in open during April. Rows in our testing grounds have been covered with blossom for six months in dry and wet seasons.

3914 Aurantiaca.—Annual. Brilliant growing orange blossoms with black disc. Ht. 1 ft.

3915 Aurantiaca Hybrids.—Annual New selected hybrids in splendid mixture. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

DELPHINIUMS

HINTS ON CULTURE.—The Perennial Delphiniums are best sown in summer, as they then make strong plants to flower following season. They can also be sown early in spring, and are very effective in borders during the early summer the following year.

3942 Carters Choicest Mixed.—A wonderful improvement on other varieties. Ht. 3 to 5 ft.

3943 Cardinale.—Scarlet species from California. Ht. 2 ft.

3944 Cashmerianum.—Rich blue. Ht. 1½ ft.

3945 Nudicaule.—Dwarf orange-scarlet; hardy. Ht. 1 ft.

3946 Sulphureum (Zalil).—Long spikes of sulphur-yellow flowers. Ht. 4 ft.

3947 Formosum.—Rich deep blue; magnificent. Ht. 3 ft.

3948 Formosum caelestinum.—A paler shade of blue; superb. Ht. 3 ft.

3949 Delphinium, Bella Donna.—Cliveden blue. Ht. 3 ft. Fine branching habit. Makes an attractive display in the herbaceous border. Splendid for cutting.

Price per Pkt. 10c. and 25c.

CARTERS ANNUAL DELPHINIUM

HINTS ON CULTURE.—The seed should be sown early in heat, and grown on in pots until ready for bedding out. Late sowings do not make effective plants until too late in the season.

3958 Blue Butterfly.—The greatest acquisition in blue annual flowers for many years. The Royal Horticultural Society, when granting it the Award of Merit, stated in their report that it is "a dainty annual of bushy branching habit, and very floriferous." Ht. 1¼ ft.

Price per Pkt. 10c. and 25c.

DAISY (BELLIS).—Charming spring flowers in borders. Sow in light soil in spring and prick out.

3962 Finest Double or Monstrosa.—Pink.

3963 Finest Double or Monstrosa.—White.

3964 Finest Double or Monstrosa Mixed.—Carters selected strain of all colours.

3966 Swan River.—(BRACHYCOME).—A bright free blooming annual, blue and white. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

3914 DIMORPHOTHECA
AURANTIACA

3967 ESCHSCHOLTZIA
THE GEISHA

ESCHSCHOLTZIA

(CALIFORNIA POPPY).—Hardy annuals (or biennials) of immense utility for mixed borders. Hardy, bright, and free-blooming, and of the easiest culture. They bloom and flourish equally well on light and heavy soils. Although not generally known, Eschscholtzias are excellent for decorative work. If cut early in the morning before the buds unfold, the flowers will last for several days in water. Sow in open in spring, and thin out. Ht. 1 ft.

Many of our later introductions of Eschscholtzias have been characterised by a distinctively compact and upright habit of growth, rendering this attractive flower suitable for fronts of borders and other places in the garden not hitherto filled by Eschscholtzias. We classify them accordingly.

COMPACT SECTION

3967 The Geisha.—Petals prettily fluted. Colour inside of petals, brilliant golden; outside of petals, orange-crimson. Habit of growth, upright and compact. The most brilliant colour in this family of bright shades. A bed in bright sunshine has the appearance of being on fire.

3970 Carters New Hybrids.—Contain many shades and tints of colour not previously seen in Eschscholtzias, giving a play of colour at once interesting and brilliant, the pale rose and flesh shades being particularly charming.

3972 Carters Carmine King.—The lustrous carmine colour is very attractive.

3975 Carters Mandarin.—Exterior orange-crimson; inner surface, deep orange.

OPEN GROWING SECTION

3979 The Golden West.—The largest flowering of all the Eschscholtzias. A charming orange colour.

3982 Californica.—Yellow.

Price per Pkt. 10c. and 25c.

EVERLASTING FLOWERS

HELICHRYSUM.—Annual. A very beautiful everlasting flower, available in a wide range of colours. If cut before quite developed the flowers are very lasting.

3995 **Fireball.**—Brilliant crimson. 3998 **Purple**

3996 **Silverball.**—Silver white. 4002 **Carters Choicest Mixed.**

Price per Pkt. 10c. and 25c.

ACROCLINIUM.—Annual.

4005 **Double.**—Beautiful rose-pink; good for pots or early forcing.

4007 **Album.**—White.

Price per Pkt. 10c. and 25c.

RHODANTHE.—Annual. The pick of the Australian flora in everlasting flowers. Immense favourites. Well adapted for forcing in early spring and for window boxes.

4013 **Maculata.**—Bright rose, with dark centre.

4014 **Maculata alba.**—Large; pure white.

4016 **M anglesi.**—The earliest introduction.

Price per Pkt. 10c. and 25c.

ERICA (CAPE HEATHS).—Winter-flowering plants.

4037 **Mixed.**—Carters choice varieties.

Price per Pkt. 10c. and 25c.

ERINUS ALPINUS.—Herbaceous perennial. Sow in spring where plants are to grow, and thin out.

4043 A charming Alpine rock plant; blue.

Price per Pkt. 10c. and 25c.

ERYSIMUM.—One of the brightest and best hardy annuals. Grown everywhere. Sow in autumn for spring flowering, and in early spring to flower later.

4052 **Perowskianum.**—Orange Virginian Stock. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

EUCALYPTUS (AUSTRALIAN GUM TREES).—Handsome ornaments in the sub-tropical garden or in pots. Sow in gentle heat in early spring, and pot off.

4061 **Globulus** (BLUE GUM).—Fine glaucous foliage and strong perfume.

Price per Pkt. 10c. and 25c.

EVENING PRIMROSE (OENOTHERA).—Exceedingly useful in mixed borders. The perennial species may be sown in early spring in pans in cool frame, and then transplanted.

4072 **Macrocarpa.**—Large yellow blossoms; trailing perennial. Ht. 1 ft.

4073 **Speciosa.**—Pure white; semi-shrubby. Perennial. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

EVERLASTING PEA (LATHYRUS).—Favourite hardy perennial. Sow in spring in the positions the plants are to permanently occupy, as they are rather impatient of transplanting.

4077 **Red**

4078 **White**

Price per Pkt. 10c. and 25c.

4080 FORGET-ME-NOT, CARTERS ROYAL BLUE

FORGET-ME-NOT (Myosotis)

4080 **Carters Royal Blue.**—Deep blue of a remarkably free flowering habit. These lovely plants are in great repute for spring bedding. Ht. 1 ft.

4081 **Carters Light Blue.**—A highly selected type of ALPESTRIS. It comes into blossom early, and continues in bloom until quite late. Ht. 1 ft.

4082 **Dissitiflora.**—Best bedding; blue. Ht. 9 in.

4087 **Star of Love.**—Beautiful blue. Distinct spray-like spikes of bloom. Ht. 6 in.

4088 **Victoria.**—A favourite for market; most profuse bloomer. Ht. 9 in.

Price per Pkt. 10c. and 25c.

FOXGLOVE (Digitalis)

HINTS ON CULTURE.—Stately perennials. As a background in a shrubbery, or as specimen plants in large beds, they are equally striking and effective. Sow in July for strong flowering plants the following season.

4101 **Carters Spotted.**—A superb mixture containing a wonderful range of colours, the soft rose and carmine shades being particularly fine. The older forms of magenta and crude pink have been eliminated from this choice strain. All colours mixed.

4102 **Canariensis.**—A novel colour, orange brown.

4103 **White.**—Superb variety. Ht. 4 to 6 ft.

4104 **Monstrosa.**—A singular variation. A long spike with a large flower at the top.

4105 **Gloxinioides.**—Large-throated species. Ht. 3 ft.

Price per Pkt. 10c. and 25c.

FUCHSIA.—Handsome flowering shrub. Sow in gentle heat in early spring; pot off.

4129 **Superb Mixed.**—A splendid collection.

Price per Pkt. 25c. and 50c.

4153 GODETIA, CARTERS DOUBLE PINK

GLOXINIA

HINTS ON CULTURE.—Sow in well-drained pans from January to March (or in the autumn), fill the pans with soil consisting of a mixture of half-peat and half-leaf mould, with a small quantity of pulverised charcoal and silver sand sifted very fine, to within half an inch of the rim; water with fine hose, then sow the seed thinly, taking care not to cover it with soil; place in a temperature of 75 deg., and cover the pans with a piece of shaded glass, gradually removing the same as the seedlings progress. When large enough to handle, prick off into pans at about 1 in. apart, then pot off into single pots. Many will soon attain the requisite strength to go into 5 in. or 48 pots, and will bloom in August and September of the same year. The potting off soil should consist of one-half good loam, one-half fibrous peat, with a good sprinkling of sand and broken charcoal.

4141 Carters Invincible Prize Superb Mixture.—The superb mixture of Gloxinia we offer under the name INVINCIBLE is magnificent. It contains all the best self-colours, crimson, sapphire, purple, rose, blush, violet, white, etc., also the finest edged, tipped, ringed and shaded varieties, together with the most beautiful spotted or marbled kinds, and is the finest we have seen.

Price per Pkt. 25c. and 50c.

GODETIA

HINTS ON CULTURE.—In addition to the wide range of shade now found in this lovely annual, the plants vary greatly in habit. We have, therefore, divided them into three sections, and trust this will assist our customers in making their selections. All varieties may be sown in boxes and transplanted, or may be sown direct into the ground. A few kinds are excellent for pots.

TALL VARIETIES

4151 Carters New Lavender.—Single. The pale lavender flowers are borne on long graceful racemes, which are splendid for table decoration. This is quite distinct from any other Godetia, and is the best variety for pot culture. Sown in September the plants bloom in early spring. Ht. 2 ft.

4152 Tall Double Deep Rose.—A very brilliant and handsome variety. Bright solid rose, shaded and edged carmine. Identical in habit with our DOUBLE PINK variety. Ht. 2½ ft.

4153 Carters Double Pink.—A rather stronger grower than CARTERS NEW LAVENDER, bearing a number of long spikes, which carry 18 to 20 beautiful double clear pink blooms, which will last a week in water if cut in a young state. It is also splendid for pot culture. Ht. 2½ ft.

MEDIUM VARIETIES

4163 Carters White (WHITE PEARL).—The best white Godetia, the blooms being creamy white, which blends well with other varieties. Ht. 1½ ft.

4167 Carters Choice Mixed.—A well-balanced strain, containing all the best colours found in the tall and medium sections.

DWARF VARIETIES

4173 Deep Rose Pink (LADY SATIN ROSE).—A very pure colour with shining satin surface. Very brilliant. Ht. 1 ft.

4178 Miniature Crimson.—Valuable for edging and bedding. Very dwarf and compact, with glowing crimson flowers, shaded rosy heliotrope at edge. Ht. 6 in.

Price per Pkt. 10c. and 25c.

GAILLARDIA

HINTS ON CULTURE.—Showy and handsome hardy perennials, for beds and borders. The flowers are a most peculiar combination of shades, varying between gold and maroon. Sow in summer in drills, transplanting to permanent positions during autumn; also sow early in spring under glass, prick off into boxes, and plant out in May.

The annual varieties may be sown in open ground early in spring thinning the plants to 1 ft. apart.

4184 Carters Large-flowering Choice Single Hybrids.—Perennial variety, but will flower the first season if sown early.

4185 Grandiflora hybrida.—Crimson and gold; large blossoms.

4186 Grandiflora hybrida compacta.—New dwarf compact variety. Ht. 1 ft.

ANNUAL VARIETIES

4189 Carters Choice Double.—Mixed; large globular heads.

4192 Picta Aurora Borealis.—Red and yellow. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

GRASSES—ORNAMENTAL

HINTS ON CULTURE.—The annual varieties should be sown out of doors during April where they are intended to flower, or for earlier work, sow under glass and plant out. The perennial varieties are best sown during the summer, and planted out in borders in spring. The flower heads should be cut in a young stage and hung upside down to dry, as they are then more lasting for decorative purposes.

4200 Briza Gracilis.—Quaking Grass.

4206 Eragrostis elegans (LOVE GRASS).

4209 *Eulalia zebrina.—Grandly effective.

4215 Zea gracillima.—Delicate Maize.

*This variety will not bloom the first year from seed.

Price per Pkt. 10c. and 25c

GAZANIA.—Perennial. A brilliant plant for edging beds.

4231 Splendens hybrida.—Saved from the finest new varieties.

Price per Pkt. 10c. and 25c.

GENTIANA.—Beautiful dwarf Alpine perennial. Sow in pans in spring, and plant out.

4238 Acaulis.—For borders or rockery. Intense blue. Ht. 3 in.

Price per Pkt. 10c. and 25c.

GERANIUM or PELARGONIUM.—Bedding and greenhouse plants. Sow under glass in early spring, and pot off.

4241 Large-flowered Show.—Regal Pelargoniums.

Price per Pkt. 25c. and 50c.

GEUM.—Hardy perennials. Sow in spring and transplant. Height 2 ft.

4256 Coccineum.—Bright Scarlet.

4258 Mrs. Bradshaw.—A giant double form of flowers of perfect shade of brilliant crimson scarlet. Comes quite true from seed.

Price per Pkt. 10c. and 25c.

GLOBE THISTLE (ECHINOPS RITRO).—Perennial.

4268 Bee Feeder.—Large globular blue heads. Ht. 3 ft.

Price per Pkt. 10c. and 25c.

GREVILLEA.—An ornamental plant. In great use for decorative purposes. Sow in heat in early spring, and pot off as soon as they can be handled.

4271 Robusta.—The best for general use. Beautiful fern-like foliage.

Price per Pkt. 10c. and 25c.

4184 GAILLARDIA, CARTERS
LARGE-FLOWERING

4274 GYPSOPHILA
ELEGANS GRANDIFLORA

GYPSOPHILA (CLOUD PLANT).—Graceful panicles of wavy blossom; for bouquets, table decoration, vases, etc. Sow the annual species in spring where the plants are intended to flower, and thin out seedlings. PANICULATA is a perennial, and should be sown in spring or summer.

4274 Elegans grandiflora.—Annual. Cream white.

4275 Elegans Carmine.—Annual. A new shade. Most effective for decorative purposes.

4276 Elegans rosea.—Annual. Rose.

4278 Paniculata.—The pure white perennial kind. Ht. 2½ ft.

Price per Pkt. 10c. and 25c.

GOURDS (ORNAMENTAL)

These require about the same cultivation as Vegetable Marrows, and should be largely grown in flower gardens and pleasure grounds. Trained over a pergola they form a distinct, interesting, and beautiful feature. The smaller fruiting Apple, Orange, Pear, and Egg-shaped kinds produce a charming effect when trained over arches, while the majority of varieties have a very charming effect when tied up to poles.

4283 Mixed, in Great Variety.

Price per Pkt. 10c. and 25c.

HOLLYHOCK

HINTS ON CULTURE.—Now that so many beautiful forms are to be obtained quite true from seed, this delightful flower should become more popular. We therefore recommend our customers to again give this useful plant a place in their borders. Seed is usually sown in summer, and the plants grown on to flower next season, but some prefer to sow in boxes or on a hotbed early in the year. Prick the young plants out, and plant out in April to bloom same summer.

CARTERS DOUBLE SHOW

|------------------------------|---------------------------|
| 4290 Carters Crimson | 4295 Carters Pure White |
| 4293 Carters Salmon | 4298 Carters Choice Mixed |
| 4294 Carters Sulphur-Yellow. | |

Price per Pkt. 15c. and 25c.

4301 Carters Perpetual-flowering.—ANNUAL TYPE.—Sown early in spring and planted out first week in May, it will bloom from middle of July to late in autumn. Habit branching, semi-tall, flowers double with graceful loose petals. Mixed colours.

Price per Pkt. 15c. and 25c.

4302 Double Palling Belle.—This particularly fine form bears large double flowers of a charming shade of silvery pink, and attracts much attention. A splendid subject for clumping at the back of herbaceous borders.

Price per Pkt. 25c. and 50c.

4303 Choice Mammoth Fringed Varieties.—Mixed Colours.

4304 Single Hybrids.—In the most delicate shades and pure colours. The plants are very robust, and remain in bloom over a long period.

4305 Allegheny Mixed.—A splendid mixture of single and double choice fringed varieties. Ht. 5 ft.

Price per Pkt. 15c. and 25c.

HELIOTROPE (CHERRY-PIE).—Sweet-scented perennials. Sow under glass in early spring, and pot off.

4325 Carters Large-flowered Varieties.—Beautiful novelties; good colours. Ht. 2 ft.

4328 White Lady.

Price per Pkt. 10c. and 25c.

HEUCHERA.—Perennial. Charming for bouquets. Sow in spring and plant out. Ht. 1½ ft.

4332 Splendens.—Crimson. 4333 Splendens alba.—White.

Price per Pkt. 10c. and 25c.

4343 HONESTY, WHITE

HONESTY (LUNARIA).—Hardy biennial. Singular seed vessels, useful when dried for house decoration in winter. Sow in spring

4343 White.—Ht. 1½ ft.

4344 Munstead Purple.—This giant form of Lunaria was raised by Miss Jekyll, V. M. H., in her delightful wild garden at Munstead Wood. The large well-formed flowers are of great substance and quite distinct, being a bright rosy purple. For growing in the semi-wild garden and for spring bedding it is a most brilliant subject, supplying a colour which is rare in the early part of the year

Price per Pkt. 10c. and 25c.

HUMULUS (HOP).—Hardy climbers. No. 4348 is a very pretty quick-growing annual climber. Sow in pots early in February, in heat, and plant out in May.

4348 Japonicus variegatus.—Green foliage, marked silvery white.

4349 Lupulus (GARDEN HOP)—Perennial.

Price per Pkt. 10c. and 25c.

IMPATIENS (BALSAM).—Annual. Sow in spring in heat and pot off. Perpetual bloomers.

4364 Sultani.—Rosy scarlet.

4365 Holsti (ZANZIBAR BALSAM).—A new annual plant, from East Africa, resembling the Zanzibar Balsam in habit, leaf, and shape of blossom. Colour vermilion red. A beautiful plant for half-shady places and pots. Most striking.

Price per Pkt. 10c. and 25c.

INCARVILLEA.—Perennial. Beautiful Gloxinia-like flowers. Sow in Spring under glass, and pot off. Makes effective plant in a warm border as its flowers are produced on long stems.

4368 Delavayi.—Flowers lovely crimson-purple, with yellow veined throat.

Price per Pkt. 10c. and 25c.

JACOB'S LADDER (POLEMONIUM COERULEUM).—Hardy perennial. Sow in spring and plant out.

4390 Blue.—One of the oldest recorded British plants. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

KOCHIA

A charming and most effective decorative plant, with a habit much resembling one of the compact evergreen shrubs. It has a light grass-green feathery foliage, which changes as the summer advances to a rich crimson. It is a perfectly hardy annual, and can be sown in the open ground; it is a rapid grower and flourishes on all soils. The best method is to sow the seed under glass, pot the seedlings off singly, and ultimately bed out or plunge the pots in which they are growing. These round shrub-like plants (often called the Mock CYPRESS) are most useful for the centre of any bed or when planted out in some decorative scheme. The plants should be pinched back and trimmed to shape when necessary. Ht. about 2 ft.

4396 Carters Selected Kochia (TRICHOPHYLLA).—Hardy annual. Price per Pkt. 10c. and 25c.

ANNUAL LARKSPUR

4408 LARKSPUR,
DWARF BEDDING

4417 LARKSPUR,
BRANCHING

The popular Larkspur of every garden. Very effective in beds. The seeds should be sown in spring in boxes, and transplanted. Can also be sown outdoors in April.

CARTERS DWARF BEDDING

These lovely annuals are quite hardy. The blooms are exceedingly handsome and most suitable for beds. Ht. 1 ft.

4402 Carters Dark Blue	4405 Carters Mauve
4403 Carters Deep Pink	4407 Carters White
4404 Carters Light Blue	4408 Carters Dwarf Mixed

Price per Pkt. 10c. and 25c.

BRANCHING, STOCK FLOWERED

We specially recommend these three varieties for borders; they last in bloom for a long period and are excellent for cutting. Ht. 3 ft.

4414 Rosy Scarlet	4416 White
4415 Dark Blue	4417 Carters Mixed

Price per Pkt. 10c. and 25c.

LANTANA.—Half-hardy perennial. Sow in heat in early spring and pot off.

4428 Carters Choice Mixed.—Heliotrope-like. Ht. 2 ft.

4429 Carters Dwarf Varieties.—For pots or bedding.

Price per Pkt. 10c. and 25c.

LAVANDULA (LAVENDER).—Hardy shrubby perennial. Sow in spring, in light soil.

4435 Spica.—Fragrant.

Price per Pkt. 10c. and 25c.

LAVATERA (CULTIVATED MALLOW).—Sow in spring or autumn under glass and plant out.

4439 Arborea variegata.—Perennial.

4440 Annual.—Red.

4441 Annual.—White.

Price per Pkt. 10c. and 25c.

LEPTOSYNE.—Hardy annual.

4451 Stillmani.—Beautiful bright golden-yellow flowers. Blooming abundantly five to six weeks after sowing. Most useful for cutting; very showy. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

LINARIA (TOAD FLAX).—Dwarf hardy annuals of easy culture. Sow in spring. CYMBALARIA is a hardy creeping perennial. Ht. 1 ft.

4461 Aparinoides, Carters Hybrids.—This produces a very pretty play of colour. A great addition to this charming annual.

4464 Cymbalaria.—Perennial. Pure white. A pretty trailing plant for hanging baskets and greenhouse walls, etc.

Price per Pkt. 10c. and 25c.

LINUM (FLAX).—Sow in spring where plants are to grow. They make useful pot plants if kept sturdy.

4467 Scarlet.—Annual. Ht. 1 ft.

4470 Flavum.—Golden perennial. Ht. 1 ft.

4471 Narbonense.—Blue perennial. 1 ft.

4472 Perenne.—Blue perennial. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

LOBELIA

LOBELIA.—Very popular garden plants. The compact growing varieties are sown in winter under glass, and transplanted into boxes for growing on to be ready by the bedding-out season. The spreading varieties are suitable for hanging baskets and window box edgings, whilst the true perennial species are grown as pot plants or single specimens in beds for summer decoration.

4478 Carters Dark Compact.—Dark bloom, dark foliage, small white eye.

4480 Carters White Gem.—The best pure white; compact.

4481 Carters Royal Bedding.—Bright sky-blue, small eye; compact.

4482 Carters Prima Donna.—The finest and the best red variety. Raised on our own farms. Rich crimson maroon; compact.

4492 Carters Speciosa, Blue King.—Blue, white eye; spreading.

4501 Ramosa, Heavenly Blue.—Large flowers, bright light blue, with gold white eye; tall growing.

4502 Gracilis.—Loose growing, for hanging baskets, etc.; blue trailing variety.

PERENNIAL

4508 Cardinalis.—One of the handsomest perennials of the day. Bright scarlet, bronze foliage. Ht. 2 ft.

4509 Cardinalis hybrids.—Splendid vigorous large-flowered strain. Colours range from pale rose through varying carmine and scarlet shades to deepest crimson and maroon.

Price per Pkt. 10c. and 25c.

LOVE-IN-A-MIST.—A popular and charming annual. The variety Miss Jekyll lends its grace to many decorative schemes; its distinctive beautiful shade and pretty foliage at once attract attention in the borders.

4526 Miss Jekyll.—An improved type, splendid for cut bloom. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

LOVE-LIES-BLEEDING (AMARANTHUS).—Annual. Popular with long crimson tassels.

4529 Red.—Ht. 2 ft.

Price per Pkt. 10c. and 25c.

LUPINES

The annual kinds make a beautiful display, and are most valuable garden plants. If the spikes are cut away as flowers wither more will come on.

ANNUAL

- 4535 Carters Tall Mixed Hartwegii.—Ht. 2 ft.
4539 Carters Dwarf Mixed.—Ht. 1 ft.

PERENNIAL

- POLYPHYLLUS.—Ht. 3 ft.
4543 Carters Blue 4545 Carters White
4544 Carters Rose 4546 Carters Mixed

PERENNIAL TREE

4551 Carters White (SNOW QUEEN).—Ht. 4 Ft.
Price per Pkt. 10c. and 25c.

LYCHNIS.—Brilliant hardy perennials. Sow in spring and transplant as soon as large enough.

- 4554 Chalcedonica.—Bright scarlet. Ht. 3 ft.
4555 Chalcedonica alba.—Pure white.
Price per Pkt. 10c. and 25c.

LYTHRUM.—Hardy perennial; showy for borders and moist situations.

- 4560 Rosea superbum.—Long spikes of bright rose-coloured flowers.
Ht. 4 ft.

Price per Pkt. 10c. and 25c.

4571 MARIGOLD, LEGION OF HONOUR

FRENCH MARIGOLD

HINTS ON CULTURE.—This showy annual can be sown in spring and thinned out where expected to bloom; they may also be sown in March in boxes or pots under glass, then transplanted into other boxes, 3 in. apart, to make sturdy stuff for planting out in June or earlier. Marigolds are profuse bloomers, particularly so if all dead flowers are cut off.

- 4566 Carters Compact Striped.—Beautiful large double blossom, dwarf variety. Continues blooming until the end of summer. Ht. about 1 ft.
4567 Carters Gold Edged.—A beautiful annual of compact but vigorous habit. Flowers a velvety maroon, with gold edge. Very constant, and owing to its deep root is able to withstand drought. Makes a handsome edging plant. Ht. 1 ft.
4571 Legion of Honour.—Dwarf single. Dark gold and maroon. Ht. 1 ft.
4578 Mixed, Carters Dwarf Varieties.—Ht. 1 ft.
4586 Mixed, Carters Tall Varieties.—An effective and welcome ornament to the mixed border, shrubberies, etc. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

AFRICAN MARIGOLD

HINTS ON CULTURE.—From their bold appearance and enormous globular flowers these showy annuals are specially effective in large mixed borders. Sow at the end of winter under glass, and transplant in April and May

- 4589 Carters Giant Show Lemon.—Superior strains for exhibition. Enormous blossom. Ht. 1 ft.
4590 Carters Giant Show Orange.—Superior strains for exhibition. Fine habit; grand flower. Ht. 1 ft.
4593 Mixed, Carters Varieties.—Carefully selected. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

MALLOW.—Hardy annual. This fine-growing tall plant is covered with bloom during the entire summer. Extremely useful for cutting. Ht. 3 ft.

- 4596 Carters Pink Domino.—An elegant table ornament. Bright rose.

- 4597 Carters White Lady.—Pure in colour.

- 4598 Malope Grandiflora.—Crimson. Ht. 2 to 3 ft.

Price per Pkt. 10c and 25c.

MATHIOLA (NIGHT-SCENTED STOCK).—Hardy annual, of easy culture. Sow in spring.

- 4603 Bicornis.—This should be in every garden, as it possesses a most delicious odour, especially towards evening, when it sends forth a delightful perfume, permeating the whole of the surrounding atmosphere with its beautiful fragrance. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

MIMULUS.—Half hardy annual. To those who know only the original kind, the present magnificent specimens will come as a delightful surprise, the blossoms being of grand size and richly coloured. Besides being of service in beds and borders, they make nice pot plants. Sow in early spring, in pans under glass, and prick off into boxes, and plant out when hardened. For pot work, the seedlings should be pricked out, and potted off in good light compost, and kept in warm frame.

- 4606 Carters Queen's Prize.—Mixed. Magnificent. This lovely large-flowered variety originated at our nurseries.

Price per Pkt. 10c. and 25c.

MUSK (MIMULUS MOSCHATUS).—Half hardy perennial. May be grown in pots, or planted out in beds and borders. Sow in spring under glass.

- 4612 Yellow.—Fragrant pot or garden variety.

Price per Pkt. 10c. and 25c.

MARVEL OF PERU (MIRABILIS JALAPAS).—Tender perennial. Sow in heat early in the year, prick off into boxes, place in cold frame and plant out in June. Throughout the day the plants are not very showy, but towards evening hundreds of flowers open on each bushlike plant, emitting a most distinctive and refreshing fragrance.

- 4625 Mixed, Carters Choicest.—Bright colours. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

MEDEOLA (SMILAX).—Half hardy perennials. The long graceful stems of these beautiful climbers make them of great service in house decorations.

- 4640 Asparagoides myrtifolia.—The new Smilax, for light effect. This beautiful myrtle-leaved greenhouse twiner is a very rapid grower, and produces sprays with the greatest freedom. The foliage is very hard and will last fresh many days after being cut.

- 4641 Asparagoides.—For table decoration.

Price per Pkt. 10c. and 25c.

MICHAELMAS DAISIES.—Perennial. Well-known autumn flowers. The plants throw a wonderful quantity of bloom. They are quite hardy and of easy culture. Should be grown by all. Splendid for cutting.

- 4651 Carters Mixture.—In choicest varieties. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

MIGNONETTE

- 4660 Carters Perfection.**—A giant red-flowered variety with a delicious scent. This fine strain is a very great improvement, and owing to its robust habit the seedlings require plenty of room, when they will make bushy plants resembling Intermediate Stocks. The spikes of bloom are larger than any other variety and the habit much less straggling. If the seed-pods are kept pinched off the beauty of the plant will extend over a long period and with care in this respect will continue until cut down by frost.
- 4661 Carters White Queen.**—A distinct and beautiful variety, producing large spikes of white bloom exquisitely scented. Ht. $1\frac{1}{4}$ ft.
- 4663 Carters Red King.**—The finest and richest red; a great improvement on the crimson VICTORIA variety. Deliciously scented. Ht. $1\frac{1}{4}$ ft.
- 4664 Machet.**—An excellent variety for pot work; strong, dense blooms, glossy green foliage.

Price per Pkt. 10c. and 25c.

NEMESIA.—Half-hardy annual. Nearly related to the Linaria. Free blooming dwarf bushes for pot culture and open borders. Sow in spring under glass and transplant; or sow out of doors in May, in patches, where they are intended to flower.

4678 CARTERS LARGE-FLOWERED NEMESIA

- 4678 Carters Large-flowered Mixed.**—Is the finest strain of this most popular flower yet introduced, both for size and massive build of the individual flowers, also for the richness and variety of colours. Ht. 1 ft.
- 4679 Blue Gem.**—A beautiful blue.
- 4681 Nana compacta grandiflora, Orange Prince.**

Price per Pkt. 10c. and 25c.

- NEMOPHILA.**—Hardest of annuals and of the easiest culture. Makes a very effective front row to a bed or border and should be sown out of doors in spring, in patches, where they are to flower.
- 4684 Holborn Blue-bell.**—Ultramarine, white throat. Ht. 6 in.
- 4688 Insignis alba.**—White variety.

Price per Pkt. 10c. and 25c.

NASTURTIUM

Nasturtiums, both climbing and dwarf, are of the easiest culture, and anyone desirous of having a display of the most brilliant flowers, without trouble beyond sowing the seed, should select this delightful family, as they will give off their best efforts through the brightest of the summer, merely needing the seed-balls picked off. If these are permitted to mature, the beauty of the plant is soon lost.

DWARF VARIETIES

These make the most beautiful bedding and border plants, and if sown at intervals from March to June, the display of bloom will last until cut down by frost.

- 4692 Carters Golden Queen.**—Rich golden-hued foliage. Very compact; flowers bright yellow. A very effective variety.
- 4696 Carters Empress of India.**—This has been justly described as a sensational variety. Foliage dark bluish green with flowers of an intense crimson scarlet.
- 4697 Carters Scarlet King.**—Dark foliage; brilliant scarlet flowers.
- 4705 Tom Thumb Pearl.**—Light cream, nearly white.
- 4706 Tom Thumb Rose.**—Rose colour with a bluish tint.
- 4708 Tom Thumb Spotted.**—Dark orange, with chocolate spot.
- 4709 Tom Thumb Yellow.**—A beautiful golden.
- 4714 Golden King.**—Beautiful rich, dark gold colour.
- 4715 King Theodore.**—A deep crimson.
- 4717 Ruby King.**—Ruby rose, novelty in colour.
- 4719 Terra Cotta.**—A rich salmon-brown flower; nice habit.
- 4710 Carters Dwarf Mixed (TOM THUMB).**—All the best colours.

	Pkt.	1 oz.
Price per.....	10c.	25c.

GIANT CLIMBING NASTURTIUMS

The climbing Nasturtium has long been a popular annual flowering plant as when once the seed is sown it requires no further attention. It is invaluable for covering unsightly spots as, when the position does not admit of its climbing, it is equally at home as a creeper. The seed must not be sown until all chances of frost are over.

- 4731 Scarlet.**—Dazzling brightness.
- 4732 Spotted.**—Golden with dark spot.
- 4733 Yellow.**—Rich and shining.
- 4735 Carters Choice Mixed.**—All shades.

	Pkt.	1 oz.
Price per.....	10c.	25c.

Varieties suitable for outdoors in summer, or for conservatory in winter.

- 4751 Tropaeolum Fireball.**—Scarlet.
- 4752 Tropaeolum Lobbianum, Mixed.**

	Pkt.	1 oz.
Price per.....	10c.	35c.

NICOTIANA (Tobacco)

HINTS ON CULTURE.—Stately half-hardy perennial. Grown as foliage plants for sub-tropical gardens. Sow in pans, in heat; prick off into boxes, harden off, and plant out when frosts are gone.

4755 Affinis.—The beautiful white species, deliciously scented in the evening. Ht. 2 ft.

4756 Affinis Hybrida.—It is one of the most valuable introductions, and can be recommended to all. Finest mixture of all colours, as white, rose, pink, red, crimson, violet, light blue, dark violet, etc.

Price per Pkt. 10c. and 25c.

PANSY

HINTS ON CULTURE.—Pansies will succeed in any soil that is not too hot and dry, and if a special compost is made for them it should consist of one-third rich loam, one-third leaf-mould, and one-third well-decayed dung. In early spring the seed should be sown in frames or in boxes for summer and autumn blooming, and later on sowings may be made about July out of doors in a partially shaded place, transplanting in October or November into where they are intended to flower the following season. The final position should be an open one, and the plants not less than 6 in. apart. There should be no check in their progress either by cold wind, very hard frosts, or long droughts. Nor should they be watered during the hottest months with very cold water. We have classed each type so that Pansy lovers have an opportunity of securing a large and varied choice all representing the very best strains in cultivation.

4791 Carters Giant Curled—Large flowers of striking form and immense fullness, giving them the appearance of being somewhat double. They are variously coloured in all the richest shades markings, and lacings. Quite a new class of the greatest beauty.

4792 Carters Peacock.—The only variety possessing the true peacock blue colours. Introduced by our House.

4793 Carters Fancy Striped.—Elegantly striped, splashed, and mottled, a very curious combination of colours that cannot fail to elicit astonishment. The flowers are large and freely produced, and the habit of the plant dwarf and compact.

4795 Carters Prize Show.—The largest blotched and richly belted types. Very fine exhibition or cultivation in pots.

Price per Pkt. 10c. and 25c.

4798 Carters International Prize.—A superb mixture of the largest and best types in every class. Will produce enormous blooms in all the richest colourings and markings. As the name suggests, it is the best of all English and Continental strains, grown under our personal supervision.

Price per Pkt. 25c. and 50c.

PANSY—Continued.

The following selection includes all the largest of the self-coloured varieties, and have been selected by us as the most meritorious and desirable varieties for bedding in separate colours. No effort is spared to keep these self-colours up to the highest state of perfection.

4805 Carters Blue.—True blue; distinct shade; very large.

4806 Carters Jet Black.—The first and best; rich velvet texture.

4807 Carters Pure White.—A lovely flower, without eye; very pure.

4808 Carters Rich Yellow.—Bright, rich and pure; a very effective shade.

4809 Carters Rich Purple.—Large and showy; bold massive flowers; very fine.

4811 Mixed Pansy.—Ordinary; very free flowering.

Price per Pkt. 10c. and 25c.

PENTSTEMON

HINTS ON CULTURE.—Hardy herbaceous plants. Brilliant flowers somewhat like Foxglove, mostly with white throats. Continual bloomers. Make a fine border flower. Average height 2 to 3 feet. Sow seeds in a pan of light soil in early spring and transplant. All with the exception of MURRAYANUS will bloom in the first year from seed.

4817 Carters Annual Flowering Mixed.—Saved from a prize collection, which includes all the best colours. Some of the blooms may be expected to measure quite 2 inches across.

4821 Murryanus.—Unique species; amber-scarlet tubes. Perennial.

4822 Perennial Mixed.

Price per Pkt. 10c. and 25c.

PORTULACA

HINTS ON CULTURE.—Half-hardy annuals. Both the double and single are specially adapted for rock work and covering the ground-work of large beds. These plants delight in a sunny aspect, and are extremely useful for edging purposes. Sow seed in drills on a warm border about the end of April, or in pans or boxes in spring, in warm frame, prick off, and plant out when the frosts are over. Ht. 6 in.

4829 Carters Large-flowered Single Mixed.

4831 Carters Large-flowered Double Mixed.

Price per Pkt. 10c. and 25c.

4798 CARTERS INTERNATIONAL PRIZE PANSY

PETUNIA

4834 Carters Empress.—For conservatory or bedding. We have been many years perfecting this magnificent type, which originated from our **EMPEROR** strain, which now embraces many delicate shades of colour, in pink, rose, and carmine. The elegant pencilling in the throat is the feature of this fine introduction. Possessed of a robust but compact habit, the plants are valuable for bedding.

4839 Carters Emperor Strain—Single, for conservatory or bedding. A great improvement upon the old-fashioned Petunia. Flowers twice as large, and containing every range of colour found in Petunias. A bed of these is an object of great beauty during summer, and they are equally effective as pot plants for the winter decoration of the conservatory.

4842 Laced and Fringed.—Very pretty, deep fringed edges.

4844 Carters Splendid Double Petunia.—A superb mixture, producing from 25 to 40 per cent. of double flowers.

Price per Pkt. 25c. and 50c.

4863 Mixed Ordinary Bedding Varieties.

Price per Pkt. 10c. and 25c.

POPPY

HINTS ON CULTURE.—These showy hardy flowers continue to absorb the attention of the greatest number of amateur gardeners, and deserve the position from their varied and intrinsic beauty. Sow thinly in patches, rows, or beds in spring where the plants are intended to bloom during early summer. The show may be extended if the seed pods are kept cut off. When used as cut flowers they should be picked early in the morning before opening out.

4869 Carters Shirley Poppy (SILK OR GHOST POPPY).—This lovely garden annual Poppy has probably received its various names from its delicate texture and almost shadowy forms. The shades of colour are endless and we offer a strain of unusual beauty, which has been rigidly selected from the stock of the original nominator, the Rev. W. Wilks, Secretary to the Royal Horticultural Society. It makes a delightful border plant, and is fine for sowing at the sides of grassy walks or along paths where Nature's growths give a wilderness-like effect to the surroundings.

Price per Pkt. 10c. and 25c.

DOUBLE ANNUAL VARIETIES

4887 Carters Choice Mixed.—Paeony-flowered. This mixture never fails to attract wide attention, and please all admirers.

Price per Pkt. 10c. and 25c.

CARTERS NEW FEATHERED.—Each blossom gives the appearance of a ball of finely cut feathers. Height 2 ft.

4893 White

4895 Salmon Rose

4894 Light Rose

4896 Carmine on White Ground

Price per Pkt. 10c. and 25c.

POPPY—Continued.

4919 CARTERS ICELAND POPPY

4919 Iceland, Carters Choice Mixed.—The merits of this species are great; of easy growth, adapted for pot or garden work; first-class as cut flowers, and neat in appearance. Sow in patches where plants are to bloom, or in prepared seed bed, and transplant. They make good rockery plants. A superb mixture of all colors. Ht. 1 ft.

4920 Iceland, Golden.—Pale golden.

4921 Iceland, Orange.—Terra-Cotta.

4923 Iceland, White.—Pure white.

4926 Oriental, Scarlet (PAPAVER ORIENTALE).—This is the gorgeous Perennial Poppy of the carriage drive and shrubbery; scarlet and black. Ht. 2 ft.

4927 Oriental Princess Victoria Louise.—Delicate salmon-colored flowers. Ht. 3 ft.

4928 Oriental, Mixed.—Different colours.

Price per Pkt. 10c. and 25c.

PHLOX DRUMMONDI

HINTS ON CULTURE.—The great advance recently made in both the size and colourings of this popular annual should ensure its again becoming a favourite for growth in beds and borders. It makes a most effective edging if the growths of the taller types are kept pegged down. Another point of importance in the culture of this pretty flower is the fact that it does not like being watered with cold pipe water, especially overhead; it spoils the foliage, and ruins the truss. This section may be expected to reach the height of 1 ft.

CARTERS LARGE-FLOWERED ANNUAL

- 4937 **Pink.**—Soft and delicate.
 4938 **Marbled.**—A curious combination.
 4940 **Scarlet.**
 4941 **White.**
 4942 **Yellow.**—The nearest approach.
 4947 **Carters Choicest Mixed.**—Embracing all colours.

Price per Pkt. 10c. and 25c.

CARTERS DWARF LARGE-FLOWERED

The plants are of compact and dwarf habit, forming masses of flowers from 9 in. to 1 ft. across. Most suitable for edging and borders. Ht. 6 in.

- 4963 **Carters Dwarf Choice Mixed.**—A splendid mixture of all shades.

Price per Pkt. 10c. and 25c.

PHLOX DECUSSATA

- 4977 **Mixed.**—Hardy perennial. All best varieties. Ht. 2 to 3 ft.
 Price per Pkt. 10c. and 25c.

GARDEN PINKS

CARTERS CHOICE DOUBLE

- 4983 **Choicest Double Garden and Show Varieties.**—Beautifully fringed, saved from the finest collection of Pinks in cultivation. Profuse bloomers and lasting. Most valuable for cutting.
 Price per Pkt. 25c. and 50c.

PYRETHRUM

GOLDEN LEAVED.—Hardy perennial. Ornamental foliaged plants; universal in carpet and other bedding; indispensable. Sow seeds in pans or boxes of sandy soil, prick off into boxes, and plant out in June.

- 4993 **Golden Feather.**—Very popular for edgings. Ht. 1 ft.

- 4995 **Laciniatum.**—Foliage deeply cut; pale gold. Ht. 6 in.

Price per Pkt. 10c. and 25c.

5000 CARTERS SINGLE

5001 FRENCH

FLOWERING VARIETIES.—Hardy perennials bearing single and double Aster-like flowers on long stalks; excellent for cutting. Ht. 1½ ft. Sow in spring and transplant.

- 5000 **Single.**—Saved from the best colours, excellent cut flower for all purposes.

- 5001 **French.**—Double or semi-double, carefully selected.

Price per Pkt. 10c. and 25c.

PRIMULA

HINTS ON CULTURE.—Sow in pans of finely sifted-soil in spring, and pot off singly into thumb pots when large enough to handle. They require to be raised in heat and kept growing in cool house or frame through the summer. A cool bottom for pots to stand on is essential. Use a compost of leaf-mould and rich fibrous loam when shifting into larger pots.

PRIMULA—Continued.

5016 Carters Prize Single Mixed.—This splendid mixture contains all the finest varieties and most beautiful forms of this popular greenhouse annual, for which our House has long been famous. New seedling forms and art shades are introduced, in addition to the choicest standard varieties. All varieties not of the highest merit are rigorously excluded, with the result that this mixture will be found unsurpassable for the compactness and vigour of the plants and the beauty and variety of the individual blossoms. When pricking out the seedlings, take care not to discard the smaller plantlets, as these frequently produce some of the newest and most delicate shades.

5045 Primula Malacoides "King Albert."—The beautiful clean soft rose blooms have an almost circular outline, which greatly adds to the value of this variety as a decorative plant. Sow seeds during May, June or Ju'y, in finely sifted soil, and kept moist until thoroughly germinated. A cool shady frame kept close is the best place in which to raise the seedlings, gradually giving more air as the seedlings grow. A cool pit or frame is the very best place until October, when the plants may be placed on a shelf in a cold house, and not kept too moist, as damping is very liable during the dull months. As soon as the buds are seen pushing upwards, a very slight feeding of manure may be given and also a warmer atmosphere.

Price per Pkt. 50c. and \$1.00

CARTERS STELLATA (Star Primula)

This is both delightful and graceful when in flower, and it makes a useful decorative plant on the conservatory stage in spring. Free flowering. Treatment for *PRIMULA SINENSIS* will suit this species well.

5046 FAIRY QUEEN IMPROVED

5046 Fairy Queen Improved.—We consider this a great advance in the Stellata section. The plants are particularly robust, bearing large graceful sprays of bloom in the greatest profusion. The individual blooms are creamy white and have a pale centre, which gives a very light and pleasing effect.

5056 Carters Superb Mixed.—All shades.

Price per Pkt. 50c. and \$1.00

HARDY VARIETIES

HINTS ON CULTURE.—Perennials. Sow in pans in cool frames and prick off into boxes, then transplant. *OBCONICA* should be sown in heat, potted off, and grown in warm frames for conservatory decoration and cut flowers.

5061 Japonica.—A valuable subject for damp situations. With tiers of bloom. Ht. 1 ft.

5064 Obconica gigantea, Mixed.—A great improvement on the original.

Price per Pkt. 25c. and 50c.

POLYANTHUS PRIMROSE

Our Polyanthus Primroses are constantly being improved. The strains offered below represent the highest state of perfection to be attained in each section. Sow in spring or summer, in prepared seed beds, afterwards planting where they are intended to bloom.

5070 Munstead Strain.—We have been honoured with the distribution of the re-selected of Miss Jekyll's famous strain of *MUNSTEAD* Polyanthus Primrose. Every possible shade of white, cream, yellow and orange is represented in this large flowering race, and such a variety is shown that it is a difficult matter to find two plants of the same shade. We strongly recommend this *MUNSTEAD* Strain for bedding purposes, and they are even more suited for growing in woodland walks and other such shady positions. The raiser has made such strides with this strain within the last few years that quite a number of distinct and new colours, especially among the orange shades, are now represented.

5075 Carters All Colours Mixed.—This well-selected strain is of very hardy constitution, but the plants do not exhibit the wide range of colour found in the more choice strains.

Prices per Pkt. 10c. and 25c.

CARTERS GARDEN PRIMROSE

HINTS ON CULTURE.—The Primrose is one of those plants that resents too much coddling, and sometimes when great care is taken over the seeds they refuse to grow. The simplest plan is to sow them in the open ground, in a partially shaded place, from May to July. Just scratch the seed in with a rake and firm the surface, when under the influence of genial showers they will soon come up. The blue Primrose may be sown in borders at the same season.

5082 Blue.—To obtain the best results seedlings should be raised each year, sowing in March, as the blue is more intense the first season than in subsequent years.

5083 Yellow.—The lovely Old English Primrose of the woods.

5085 Carters Choice Mixed.—Contains every obtainable colour. New shades are constantly occurring as the result of our continuous hybridisation.

Price per Pkt. 10c. and 25c.

PERILLA.—Ornamental foliaged hardy annual. Raise seedlings prick off into boxes, harden off, and plant out in June.

5095 Nankinensis.—Metallic purple-bronze leaves. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

PHYSALIS.—Sow out of doors in spring.

5112 Francheti (CHINESE LANTERN PLANT).—First class for decorative purposes.

Price per Pkt. 10c. and 25c.

POTENTILLA (CINQUEFOIL).—Hardy herbaceous perennials. Average height 1 ft. Sow in prepared seed-bed, and transplant

5118 Double Varieties.—Novel colours.

5119 Single Varieties.—Mixed.

Price per Pkt. 10c. and 25c.

ROSE.—Very pretty and interesting. A real gem. If the seed is sown in a pan, in a slight heat, well watered, and kept from getting dry, the seedlings will appear in a few weeks. Pot off when fit to handle, and expect some fairy blooms within three months.

5135 Carters Annual Rose.

Price per Pkt. 10c. and 25c.

RHODODENDRON.—Evergreen flowering shrubs.

5149 Hybrids.—Saved from the finest known varieties.

Price per Pkt. 25c.

RUDBECKIA (CONE FLOWER).—Hardy annuals and perennials. Plants presenting the characteristics of the Single Sunflower with flower petals narrower and raised central discs. Sow in spring in a seed-bed with a warm aspect, and transplant when large enough.

5152 Carters Cactus-flowered.—Annual. Golden yellow with maroon flakes. Excellent novelty for cut flowers.

5155 Californica.—Grand perennial. Golden bloom with long, brown cone. Ht. 2 to 3 ft.

5156 Purpurea.—(ECHINACEA).—Perennial. Flowers reddish purple with a high cone.

Price per Pkt. 10c. and 25c.

ROCKET (HESPERIS MATRONALIS).—Hardy perennial. Sweet scented flowers. Sow out of doors in sunny position, in spring, and transplant.

5163 Carters Mixed.—Various shades of purple and white. Ht. 1½ ft.

Price per Pkt. 10c. and 25c.

SALVIA

SALVIA.—Annuals and perennials. Sow in heat, in early spring prick off into boxes in warm frames, and harden off well before planting out.

5183 SALVIA, ZURICH

- 5181 Splendens.**—Crimson perennials, for pots. Ht. 1½ ft.
- 5183 Splendens, Carters Zurich.**—Very early flowering. Most fiery scarlet; splendid for pot and other decoration. Ht. 1 ft.
- 5185 Azurea grandiflora.**—Hardy perennial. Deep blue in long racemes. Ht. 3 ft.
- 5186 Farinacea.**—Half-hardy perennial. Light blue flowers, fine long spikes. Ht. 2½ ft.
- 5187 Bonfire.**—Half-hardy annual. Fiery crimson, erect and dwarf
Price per Pkt. 10c. and 25c.

SAPONARIA.—For edging, rockeries, etc. Sow where intended to flower.

- 5190 Calabrica.**—Hardy annual. The old favourite; rose.
- 5192 Ocymoides.**—Perennial rock plant. Pale pink; trailer.
Price per Pkt. 10c. and 25c.

SILENE.—Dwarf annuals of essential service to the spring and summer garden. The best effects are produced from seed sown in summer, the seedlings being transplanted into beds in autumn or early winter.

- 5208 Empress of India.**—Crimson flower and stalks. A great improvement on older kinds. Ht. 4 in.
- 5209 Snow King.**—The finest dwarf white edging flowering annual yet produced. Ht. 4 in.
Price per Pkt. 10c. and 25c.

SALPIGLOSSIS

HALF-HARDY ANNUAL

- 5238 Carters Large-flowered Mixed Varieties.**—Ht. 2 ft.
- 5239 Emperor, Choice Mixed.**—A new class of strong, erect growth, bearing gorgeous flowers of the finest markings. Ht. 1½ ft.
- 5240 Dwarf.**—Bright colours. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

CARTERS SCABIOUS

HINTS ON CULTURE.—This bright-flowering plant is usually treated as an annual in our gardens. During recent years it has been greatly improved both in habit and range of colours, and is fast becoming one of the most popular of border flowers. When given plenty of room and the seed-vessels are kept regularly picked off, it will last through the whole of the summer. Owing to its sweetness the bees are very fond of it, and its floral favours also attract all the most beautiful types of butterflies in the neighbourhood. Sow the seed in heat in February and March in a pan or small box, and transplant the seedlings 3 in. apart in larger boxes; harden off as spring advances, and set out in the border towards the end of May. They may also be sown where intended to grow during March and April.

5265 CARTERS LARGE-FLOWERED SCABIOUS

- LARGE-FLOWERED DWARF.**—Ht. 1½ ft.
- 5253 Carters Mixed.**—Containing all the finest colours.
- LARGE-FLOWERED TALL.**—Ht. 2½ ft.
- 5265 Carters Mixed.**—All colours of our choicest varieties are contained in this mixture.

Price per Pkt. 10c. and 25c.

SCABIOUS—*Continued.*

5269 Fairy Queen.—Tall, large-flowered double. The flowers are of a most delicate lavender blue shade, profusely borne on long stems. Most useful for cutting. Ht. $2\frac{1}{2}$ ft.

5271 Caucasica.—Silvery lavender-blue. Perennial. Ht. 2 ft.

5272 Caucasica alba.—Delicate flower. Perennial.

Price per Pkt. 10c. and 25c.

SCHIZANTHUS**CARTERS LARGE-FLOWERED**

FOR POTS OR HANGING BASKETS

During the last few years the Schizanthus has leapt into popularity owing to the remarkable advance which has been made both in the habit of the plants and diversity of colours now available. By sowing in spring, summer, and autumn, a succession of bloom may be obtained throughout the year. Our BUTTERFLY and large-flowered strains, together with the distinct RETUSUS forms, are the most suitable for greenhouse and winter garden decoration.

5278 Carters Large Butterfly-flowered.—This surpasses any other strain for its size of flowers, gorgeous colouring, and diversity of shades. The habit is bold and branching, forming bushes from $1\frac{1}{2}$ ft. to $2\frac{1}{2}$ ft. high, and of equal diameter.

5279 Carters Large-flowered.—Choice light shades, containing innumerable shades of white, cream, primrose, flesh-pink, rose, carmine, and cerise.

5280 Carters Large-flowered.—Choice dark shades. All rich pure, dark forms. The washy purples and dull magenta shades found in Schizanthus have no place in this strain.

5286 Retusus Hybrids.—Many charming shades are contained in these hybrids, which vary from deep salmon-rose to the palest flesh pink.

5287 Wisetoniensis.—Makes a fine greenhouse decorative plant.

Price per Pkt. 10c. and 25c.

STREPTOCARPUS.—Perennial. HINTS ON CULTURE.—A novel race of free-blooming greenhouse pot plants, in universal demand; bright, cheerful, lasting. The mixture we offer is a carefully fertilized strain, containing all the best colours, including a very large and rich blue. Sow in pans of rich soil in early spring, in heat, and pot off into small pots when large enough to handle. Keep the seed pans moist.

5293 Carters Choice Hybrids.—Superb mixture, the latest type in all colours. Included in our Gold Medal Exhibit of flowers, R.H.S., Chelsea Exhibition.

Price per Pkt. 25c. and 50c.

STATICE (SEA LAVENDER).—Very free-flowering plants of easy culture and valuable when dried for bouquets. They are most showy for beds, borders, or pots. Sow in pots or outdoors in early spring.

5303 Bonduelli.—Yellow, Annual.

5304 Sinuata.—Blue. Annual.

5305 Sinuata alba.—White Annual.

5306 Candelabrum (SUWOROWI).—Annual. Of singular beauty, for beds and borders; soft shade of rose. Ht. 1 ft.

5307 Latifolia (PERENNIAL).—Lavender flowers in large panicles. Ht. $1\frac{1}{2}$ ft.

Price per Pkt. 10c. and 25c.

STONECROP (SEDUM).—We may safely say that no rockery is complete without the sedum.

5316 Mixed, Carters Varieties.—Perennial kinds for general garden and rock work.

Price per Pkt. 10c. and 25c.

STOCKS

HINTS ON CULTURE.—Sow in spring either in boxes or open ground and when transplanting to where they are intended to flower care should be taken not to discard the smaller seedlings, which usually produce the best double flowers, the large coarse plants being often all singles.

5341 CARTERS LARGE-FLOWERED DOUBLE TEN-WEEK STOCK

LARGE-FLOWERED DOUBLE TEN-WEEK

Grand for bedding purposes. A very fine strain of double summer flowering varieties. Ht. 1½ ft.

5322 Double Azure Blue

5328 Double Pink

5329 Double Purple

5330 Double Rose

5331 Double Scarlet

5332 Double White

5333 Double Golden

5341 Splendid Mixture—
all colours

Price per Pkt. 10c. and 25c.

CARTERS BRANCHING TEN-WEEK

Annuals. Produce a goodly proportion of double flowers. Delicious scent. For open-air growth. Ht. 1½ ft.

5360 Purple

5361 Scarlet

5362 White

5365 Ten-week Stock
Mixed

Price per Pkt. 10c. and 25c.

SUMMER, AUTUMN AND WINTER FLOWERING

We very highly recommend this class of Stocks to all who have not grown them. They were first brought into prominence by the advent of that charming pink variety BEAUTY OF NICE. The following varieties all resemble this variety in habit and profusion of bloom. We know of few Stocks which produce such a high percentage of double flowers. Although usually treated as winter varieties, they are admirably suited for summer bedding if treated as ten-week varieties. Sow in July and August for winter flowering, and in March and April for summer displays.

STOCKS—Continued.

5380 Beauty of Nice.—Plant of robust growth. Very free flowering. Flowers very large, fine double fragrant, and delicate fleshy-pink colour. Extremely valuable for decorative work. Ht. 2 to 2½ ft.

5381 Crimson King.—Brilliant fiery crimson.

5382 Queen Alexandra.—Delicate rosy lilac.

5460 Giant Brompton Almond Blossom.—A beautiful combination of cream pink.

5461 Giant Brompton Dark Violet.—A rich and striking colour.

5462 Giant Brompton Snow White.—A splendid florist's variety

Price per Pkt. 10c. and 25c.

AUTUMN AND SPRING FLOWERING

Sow in March and April to bloom in late summer and autumn, and in cold frames in July and August to flower in spring.

CARTERS INTERMEDIATE.—Biennial. A great favourite Ht. 1½ ft.

5399 Splendid Mixture.—Embracing all colours.

Price per Pkt. 10c. and 25c.

CARTERS PERPETUAL.

5415 Carters Perpetual White.—Producing a large percentage of double blooms all the year round. Splendid deep green foliage, and most deliciously scented. Extremely valuable for decorative work. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

SUNFLOWER (Helianthus)

Sow all varieties in spring. Transplant only if necessary.

MINIATURE AND MANY-FLOWERED VARIETIES

The annual small-blossomed Sunflowers now compare favourably for freedom of bloom and elegance of habit with the perennial kind. For cutting they are extremely valuable. All the varieties offered below are equally suited for garden decoration and producing quantities of cut flowers.

5420 CARTERS ORION

5421 MINIATURE-FLOWERED

5420 Carters Orion.—Has very pretty quilled petals, free habit; most attractive when seen growing, and in decoration. Ht. 3 ft.

5421 Carters Miniature Flowered.—Single Nosegay Sunflower. Gold, dark centre. Very handsome when seen in borders; quite welcome flowers for cut purposes. Ht. 3 ft.

5422 Miniature Flowered Double.—Annual. Ht. about 2 ft.

5425 Stella.—Favourite, select miniature variety; in great demand. Ht. 4 ft.

5426 Carters Dwarf.—Fine bold flowers, thrown well above a very compact growth. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

SUNFLOWER—Continued.**LARGE-FLOWERED TALL**

- 5428 Giant Red.**—A highly-selected stock of the original Chestnut-Red Sunflower. Splendid for the back of wide borders or in isolated beds on lawns.
- 5432 Cactus or Sun's Eye.**—A grand double sunflower of attractive form. Its fine habit and intense doubleness of flowers have secured for it great popularity. Ht. 6 ft.
- 5434 Carters Leviathan.**—The largest single-flowered variety. We have had heads sent us measuring $1\frac{3}{4}$ ft. across. Ht. 6 to 10 ft.
- 5435 Henry Wilde.**—The best of all for cut single flowers. Colour bright yellow with dark centre. Ht. 4 ft.
- 5440 Perennial (HARPALIUM).**—Mixed. Best distinct varieties. Price per Pkt. 10c. and 25c.

SWEET WILLIAM

SWEET WILLIAM (DIANTHUS BARBATUS).—Perennial. Beyond a good soil this gorgeous plant requires but little attention. Sow in summer and transplant when large enough in autumn for blooming the next spring and summer.

5447 CARTERS SCARLET BEAUTY

- 5446 Carters Holborn Glory.**—A beautiful strain of light shades.
- 5447 Scarlet Beauty.**—A magnificent strain with very large trusses of a lovely salmon-scarlet shade. Very showy and effective, flowering early and lasting a long time in bloom.
- 5449 Carters Brilliant Red.**—Clear, bright scarlet; very free flowering.
- 5450 Carters Dark Crimson.**—Intense colour. Dark foliage. Ht. $1\frac{1}{2}$ ft. to 1 ft. 8 in.
- 5451 Carters Pink.**—A splendid strain, varying in shade from palest flesh through clear shrimp and rose shades to deep coral. should be in every garden. Ht. $1\frac{1}{4}$ ft. to $1\frac{1}{2}$ ft.
- 5452 Carters Pure White.**—Fine heads of pure white flowers. Ht. $1\frac{1}{2}$ ft.
- 5454 Carters Superb Mixed.**—All colours. Price per Pkt. 10c. and 25c.

SWEET PEAS
CARTERS LARGE-FLOWERED

- 5472 America Spencer.**—Scarlet flake on white ground.
- 5476 Asta Ohn.**—Lavender, faintly suffused with delicate mauve.
- 5482 Barbara.**—Salmon orange self.
- 5484 Black Knight Spencer.**—Dark maroon self; good substance
- 5498 Clara Curtis.**—Finely waved, solid cream.
- 5500 Countess Spencer.**—Beautiful clear pink.
- 5508 Dorothy Eckford.**—Solid, pure white; grandiflora type.
- 5524 Edward Cowdy.**—Bright orange scarlet self.
- 5526 Elfrida Pearson.**—Large pale pink; a very chaste variety.
- 5528 Elsie Herbert.**—Pure white with delicate rose picotee edge.
- 5530 Etta Dyke.**—One of the best waved whites, very solid.
- 5532 Evelyn Hemus.**—Primrose buff, edged brilliant pink.
- 5538 Flora Norton Spencer.**—Bright blue; very fine flower.
- 5540 Florence Morse Spencer.**—Large blush pink.
- 5542 Florence Nightingale.**—A splendid rich lavender.
- 5546 Fiery Cross.**—Glowing orange cerise; sunproof.
- 5556 Helen Lewis.**—Orange standards, deep rose pink wings.
- 5562 Hercules.**—The finest deep pink, of giant size.
- 5567 Jack Cornwall, V.C.**—Dark blue.

(List continued overleaf)

SWEET PEAS—*Continued.*

- 5568 **John Ingman**.—Giant rich rose; very solid form.
 5570 **Jean Ireland**.—Clear primrose, edged rose.
 5574 **King Edward Spencer**.—A giant waved form.
 5576 **King Manoel**.—Giant shining purple maroon.
 5582 **Lady Evelyn Eyre**.—A pale shell pink of exquisite form.
 5584 **Lavender George Herbert**.—Clear, shining pale mauve.
 5588 **Lord Nelson Spencer**.—A fine deep blue, shaded purple.
 5596 **Margaret Maddison**.—Clear lavender; very large flowers.
 5602 **Maud Holmes**.—Sunproof crimson of splendid form.
 5608 **Mrs. Cuthbertson**.—Deep pink on creamy ground.
 5610 **Mrs. G. W. Breadmore**.—Primrose buff, edged rose.
 5612 **Mrs. H. Dickson**.—Pale salmon pink on cream ground.
 5616 **Mrs. Townsend**.—White ground edged and flushed blue.
 5622 **Margaret Atlee**.—Cream ground, overlaid salmon pink.
 5626 **Nora Unwin**.—A pure white of fine form, very solid.
 5628 **Norvic**.—One of the largest and best whites; very vigorous.
 5642 **President**.—A fine deep orange scarlet.
 5644 **Primrose Spencer**.—Deep creamy yellow of fine form.
 5646 **Princess Mary**.—Light blue.
 5650 **R. F. Felton**.—Pale mauve, shaded delicate rose.
 5652 **Robert Sydenham**.—Glowing orange-scarlet self; sunproof.
 5656 **Rosabelle**.—Clear rose; very strong.
 5658 **Royal Purple**.—Rich royal purple, a very distinct new colour.
 5672 **The Marquis**.—Rosy mauve self; very large.
 5674 **Tennant Spencer**.—Purplish rosy mauve.
 5676 **Thos. Stevenson**.—Very fine orange scarlet; strong grower.
 5682 **Wedgwood**.—A delightful shade of China blue.
 5684 **White Spencer**.—Splendid stock of this fine white.

Price per Pkt. 10c., 25c. and 50c.

- 5709 **Carters Spencer Mixture**.—Containing all the best of the beautifully waved and frilled Spencer forms, including many charming seedlings which are not sufficiently fixed to be sent out separately.

CARTERS SELECTED

(In Separate Colors)

With a view to assisting those of our customers who are not quite conversant with Sweet Peas in their now extremely numerous varieties we offer our selection of large-flowered varieties as under.

Although all good for exhibition, we chiefly have in mind their suitability for garden decoration and cutting purposes. With this end in view, we have selected giant-flowered types borne in threes and fours on very long stems. All are bright colours and pleasing shades, which do not scorch in the sun. The plants are of robust habit, and if the bloom is judiciously cut will produce large quantities of beautiful flowers until late autumn.

| 5724 Carters Orange-Scarlet | 5729 Carters Bronze |
| 5725 Carters Pink | 5731 Carters Scarlet Striped |

Price per Pkt. 10c., 25c. and 50c.

A collection of 10 selected large-flowered Sweet Peas, 80c.

- 5734 **Carters Superb Mixture**.—All colours.

	Pkt.	1 oz.	$\frac{1}{4}$ lb.	$\frac{1}{2}$ lb.
Price per.....	10c.	40c.	\$1.45	\$2.75

TAGETES.—Brilliant dwarf single edging Marigold. Hardy annual. Sow in spring and transplant into beds or borders. Extremely showy.

- 5756 **Pumila, Golden Ring**.—A great improvement. Ht. 6 in.

Price per Pkt. 10c. and 25c.

THUNBERGIA.—Half-hardy climber. Annual. Sow under glass in spring, pot off and plant out when hardened.

- 5765 **Alata**.—Choicest mixed. Orange-yellow and white, some flowers having black centres.

Price per Pkt. 10c. and 25c.

TRACHELIUM.—Hardy herbaceous perennial.

- 5773 **Coeruleum**.—A most popular plant for greenhouse decoration, having large heads of pale blue flowers. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

VALERIAN.—Hardy perennial. For beds or borders. Sow in spring in warm position and transplant.

- 5780 **Red Garden**. Ht. 2 ft.

- 5781 **White Garden**. Ht. 2 ft.

Price per Pkt. 10c. and 25c.

VERBENA

HINTS ON CULTURE.—Perennial. Few plants are more generally liked than the Verbena, as it makes a first-class bedder, brilliant in colours, excellent habit and of long duration in bloom. Sow in heat in spring, prick off into boxes in cool frame, harden off and plant out. It may be also grown as a pot plant from seeds sown in summer for flowering in the greenhouse the following spring.

- 5784 **Carters Mammoth**.—Choice mixture of all shades.

- 5788 **Carters Dark Blue**.—Large-flowered.

- 5789 **Carters Pink**.—Large-flowered.

- 5790 **Carters Scarlet**.—Large-flowered.

- 5791 **Carters White**.—Large-flowered.

- 5794 **Carters Hybrids**.—Mixture of sorts. Excellent bedder.

- 5795 **Drummondii**.—Hardy perennial; blooming the first season.

- 5796 **Venosa**.—Hardy perennial; blooming the first season; rosy purple.

- 5797 **Lemon-scented (ALOYSIA)**.—Half-hardy shrub.

Price per Pkt. 10c. and 25c.

DWARF VERBENA

These require no pegging down. The erect bushy habit renders them most suitable for bedding, borders and also pots. The colours are brilliant in the extreme.

5807 Carters Compact.—Mixed.

Price per Pkt. **10c.** and **25c.**

VIOLA

HINTS ON CULTURE.—Hardy perennial. Every large extent of bedding includes one or more of the *Violas* and their enlivening effect is remarkable. Sow seed in spring in pans of light sandy soil in a cold frame, prick off and plant out in May or June. Ht. 6 in.

Extreme care is taken in saving all the superb shades below, which come fairly true from seed.

5813 Carters Purple Bedding.

5814 Carters Light Blue Bedding.

5815 Carters Golden Bedding.

5816 Carters White Bedding.

5824 Carters Choicest Mixed.—Superb flowers of all shades.

5819 Cornuta, Carters Butterfly (PAPILO).—Very effective as a rockery plant as well as for early borders or bedding. Marbled on violet ground.

5820 Cornuta, Mauve Queen.—The original *Viola*, small-flowered.

5821 Cornuta, Purple Queen.—The original *Viola*, small-flowered.

5826 Odorata.—Sweet Violet.

5827 Odorata alba.—White Violet.

Price per Pkt. **10c.** and **25c.**

VIRGINIAN STOCK.—Annual. The hardiest of annuals, adapted for edgings. Sow in spring.

5850 Carters Mixed.—Combining Rose, Crimson, Carmine and White.

Price per Pkt. **10c.** and **25c.**

WALLFLOWERS

HINTS ON CULTURE.—The Wallflower is very popular in English gardens, but is not grown to a great extent in this country. Now that so many improved forms and bright colours are available, it should find a place in all collections of spring-flowering plants. For quite two months, May and June, it adds its best charms and makes beds and borders quite cheery by its presence and fragrance. Sow the seed of the annual varieties in February and March and keep growing until time for planting out in May. For indoor purposes, sow the seed in September and pot off when ready, and as spring approaches they will prove a valuable addition to the greenhouse or conservatory.

WALLFLOWERS—Continued.

CARTERS DWARF—SINGLE

5865 Carters Mixture of Dwarf Varieties.—In this strain the various shades and colours are carefully blended. All the plants are of very neat habit and free-flowered.

Price per Pkt. **10c.** and **25c.**

CARTERS TALL—SINGLE

The tall strain is very effective planted in front of shrubberies along borders, or in the centre of beds edged with the dwarf varieties above. Ht. 1½ ft.

This variety bears giant flowers and is a very choice re-selected strain.

5885 Carters Mixture of Tall Varieties.—Contains all the best colours and shades found in our named varieties and many delightful seedling forms not yet fixed.

Price per Pkt. **10c.** and **25c.**

CARTERS DOUBLE

5896 Carters Dwarf, Mixed.—Large branching growth, all colours. Ht. 9 in. to 1 ft.

5897 Tall, Mixed.—Magnificent spikes of blossom. Ht. 1 ft. to 2 ft. DOUBLES SHOULD BE PLANTED CLOSER TOGETHER THAN SINGLES.

Price per Pkt. **10c.** and **25c.**

5900 WILD CUCUMBER Price per Pkt. **10c.** and **25c.**

ZINNIA

CARTERS MAMMOTH DOUBLE

When well grown the Zinnia is one of the showiest of the half-hardy annuals, its treatment being similar to that of the Aster.

5923 Carters Mammoth Double Mixed.—A giant-flowered strain, containing only the most pleasing colours. Ht. 1½ ft.

5924 Carters Large-flowered Dwarf Double.—Choicest mixed. Ht. 1 ft.

5932 Double.—Scarlet. Dwarf. Ht. 1 ft.

Price per Pkt. 10c. and 25c.

ZINNIA ELEGANS SINGLE

Annual. The single Zinnia is unique in form and combines richness and variety of colour. Attractive in beds or mixed borders.

5941 Choice Single Mixed.—Includes all the best colours. Ht. 2 ft.

Price per Pkt. 10c. and 25c

CARTERS MIXTURE OF FLOWER SEEDS FOR WOODLAND WALKS, Etc.

SOW IN APRIL, MAY AND JUNE

5952 Tall Mixed.

5953 Dwarf Mixed.

5954 Tall and Dwarf Mixed.

Price per Pkt. 10c. and 25c.

MONTBRETIA

Montbretias are very pretty tuberous-rooted flowering plants, bearing showy spikes of blossom during summer. Usually treated like the Gladioli, but if given a sufficient protection they can be left in the ground all winter, in the warmer parts of Canada. They are very useful for cutting. Are easily grown in a sunny, open border, or indoors in pots. When established in borders a wealth of spikes may be expected, as they multiply rapidly. Height about 2 ft. Plant to a depth of 5 to 6 in. in spring.

Mt. Bruno	

etc.; also Lords, The Oval, All England Tennis Grounds, Ascot and Newmarket Race Courses; and all the leading Clubs at Home and abroad.

Carters Finest Mixture of Grass Seeds for Putting Greens, Bowling Greens, Tennis Courts, etc., (without Rye Grass).—Mixtures of the very fine bladed species, which, if sown according to our recommendations should produce a close, thick turf on all good soils, and are especially suitable for all games in which the ball is required to run true.

Per lb. 85c. Per bushel (25 lbs.), \$20.00. Per 100 lbs., \$80.00.

Carters Fine Mixture of Grass Seeds for Fair Greens, Tees, Lawns, Football, Baseball, Polo Fields, etc. (without Rye Grass).—Mixtures not so fine as the above, but better adapted for the purpose where a turf of the finest texture is not required producing a strong, hard-wearing turf.

Per lb., 65c. Per bush. (25 lbs.), \$15.00. Per 100 lbs., \$60.00.

When ordering state whether the soil is light, medium, or heavy, as a mixture is sent accordingly.

Carters Invicta Lawn Grass Seeds (with Rye Grass).—An all-round mixture of fine, hardy grasses for Lawns, Golf Courses; especially the Tees, etc.

Per lb., 50c. Per bush. (25 lbs.), \$11.75.
Per 100 lbs., \$47.00.

Carters City and Suburban Lawn Grass Seed.—Similar to Invicta, but with the addition of Lawn Clover.

Per lb. 50c. Per bush. (25 lbs.), \$11.75.
Per 100 lbs., \$47.00.

Carters Shaded Lawn Mixture.—It is always difficult to obtain a satisfactory and permanent turf under trees, etc. The roots rob the soil of food and moisture, the drip from the branches is harmful, and the partial absence of light and air is detrimental to growth. Use Carters Manures regularly and sow with this Special Shaded Lawn Mixture.

Per lb., 65c. bush. (25 lbs.), \$15.00.
Per 100 lbs., \$60.00.

Carters Grass Seeds for Recreation Grounds, Race Courses, and other open Spaces.—We prepare mixtures of hard-wearing grass suitable for this purpose at prices varying from \$8.00 to \$10.00 per bushel.

Carters Lawn Clover.—Generally we do not recommend clover in lawns, and we do not include it in our mixtures unless requested. It is liked under some circumstances, and we offer the finest seed.

Use one packet to 1 lb. of grass seed.
Price per Pkt. 10c.; per lb. 85c.

All grass seed mixtures for the Western Provinces made up specially to suit climatic conditions.

**BAGS ARE CHARGED EXTRA AT COST.
NOT RETURNABLE.**

SOWING GRASS SEED

Quantity of Seed Required

IN SOWING A NEW LAWN use 8 to 10 bushels or 250 lbs. per acre. Figure a small lawn at the rate of 4 ozs. per square yard. Use HALF THE ABOVE QUANTITIES for renovating purposes.

One bushel of seed weighs 25 lbs. A putting green should be divided into squares of 4 yards each way, or 16 square yards, and the seed required for that area should not be less than 4 lbs., which is at the rate of 4 bushels, or 100 lbs., to an area of 20 yards each way, or 400 square yards.

For renovating purposes, about one-half the above quantity would be required, according to the state of the existing turf, for an area of 20 yards square, or 400 square yards.

Golf fair greens should be sown at the rate of from 10 to 15 bushels per acre.

Natural Grasses.—Prices quoted on application.

Fertilizers

CARTERS FERTILIZERS

Carters Fertilizer (No. 1) is a complete grass food, that is to say, it contains all that is necessary for the growth of fine grasses, but it does not force or burn them. Use at the rate of 300 lbs. per green.

Per Pkt., 35c. 10 lbs., \$1.00. Per bag (100 lbs.), \$5.50.
Per half ton, \$50.00.
Per ton, \$98.00.

Carters Fertilizer No. 2, this preparation is also a complete grassfood. Its constituents are so balanced that it effectually checks the growth of clover. Use at the rate of 300 lbs. per green.

Per bag (100 lbs.), \$5.50. Per half ton, \$50.00.
Per ton, \$98.00.

Carters General Purpose Fertilizer, No. 3, specially prepared for the rejuvenating of lawns or for areas where a strong, tough, hard wearing turf is required. Use at the rate of 700 lbs. per acre.

Per bag (100 lbs.), \$5.00. Per half ton, \$45.00.
Per ton, \$85.00.

Carters Garden Fertilizer (No. 6).—This prescription is based on the average requirements of plant life as a whole, and will give splendid results to those who work for a mixed display, and do not specialize in any particular branch.

Per Pkt. 35c.; 10 lbs., \$1.00; 50 lbs., \$4.50; 100 lbs., \$8.50.

Carters Special Bone Meal.

Per 5 lbs., 50c.; 10 lbs., 75c.; 25 lbs., \$1.50; 100 lbs., \$4.50.

MULFORD CULTURES

For Legumes

UNINOCULATED

INOCULATED

Alfalfa—planted September—photographed (same scale) following April.

Plant on left not inoculated; plant on right inoculated with MULFORD NITRO-GERM. All other conditions identical. The contrast speaks for itself.

The inoculation of seeds and soil for the growth of leguminous crops has been found, in many instances, to be beneficial and commercially profitable. The Mulford cultures of the various nitrogen-fixing bacteria are claimed by the suppliers to be tested in their biological laboratories. We stock the Mulford Nitro-Germ for the following crops:

Sweet Peas
Garden Peas
Garden Beans
Red Clover, etc.

PRICES: Garden size (about $\frac{1}{4}$ acre), 75c. Trial size bottle, 35c.

Special prices on larger quantities.

Literature gratis on application.

STIM--PLANT

PLANT STIMULANT TABLET

Plant Food in Tablet Form

The tablets should be used directly in the soil at the base of the plants, or dissolved in water and applied to the soil.

Trial size (10 tablets), 20c.

Small size (30 tablets), 35c.

Medium size (100 tablets), \$1.00.

CARTERS TESTED SEEDS—PHOTOGRAPH TAKEN FROM AN AEROPLANE SHOWING SECTION OF THE GROUNDS AND MAIN BUILDINGS AT RAYNES PARK
AND SMALL PHOTOGRAPH OF THE SPECIAL SWEDE AND MANGEL SEED STORE.—THE FLOOR SPACE OF THE BUILDINGS COVER 5 ACRES.
